ANNUAL REPORT

CHAPTER 1: EXECUTIVE SUMMARY

COMPONENT A: MAYOR'S FOREWORD AND MUNICIPAL MANAGER'S OVERVIEW

1.1 MAYOR'S FOREWORD

It is with appreciation and a deep sense of responsibility that I present the 2025/2026 Annual Report. This report reflects our municipality's performance over the financial year, demonstrating both our progress and the challenges we continue to confront in the pursuit of improved service delivery, administrative excellence and sustainable development for all our communities.

The past year has tested the resilience of our municipality and its people. Economic pressures, ageing infrastructure, climate-related disruptions, and increasing social demands have placed significant strain on our operational environment. Despite these pressures, Council, the administration and our community stakeholders continued to work with determination to safeguard essential services and protect the most vulnerable.

We advanced key priorities during the year, including:

- Strengthening basic service delivery and maintenance of critical infrastructure;

- Enhancing financial management and compliance with legislative prescripts;
- Supporting local economic development and job creation initiatives;
- Improving governance, transparency and community engagement mechanisms; and driving long-term planning to ensure sustainability and resilience.

These achievements would not have been possible without collaboration between Council, administrative leadership, organised labour, provincial and national partners, local businesses, civic structures, and most importantly, the residents we serve. Community participation remains central to our democratic system and we remain committed to improving communication channels, consultation platforms and participatory governance.

While we acknowledge areas of commendable progress, this report also honestly reflects shortcomings and compliance gaps that require urgent attention. Service delivery backlogs, infrastructure failures, financial constraints and capacity limitations continue to impact municipal performance. Addressing these challenges will require disciplined financial management, investment in technical capacity, prioritisation of preventative maintenance over crisis response, and deeper partnerships with external stakeholders.

Looking ahead, our focus is clear: to restore trust in municipal institutions, to strengthen the municipality's technical and financial stability, and to drive development that expands opportunity and dignity for every resident. We do not underestimate the work ahead, but we remain confident in the collective potential of our people and institutions to achieve meaningful and sustainable progress.

I extend sincere appreciation to the Municipal Manager, senior management, and all municipal staff for their dedication under demanding conditions. I also thank Council for its oversight role and leadership, and our

ANNUAL REPORT

communities for their continued patience, participation and resilience.

In presenting this Annual Report, we reaffirm our commitment to transparency, accountability and continuous improvement. Let us continue to build a municipality that works reliably, ethically, and in the interest of all who call it home.

Mayor

R Kritzingner

NAMA KHOI LOCAL MUNICIPALITY

ANNUAL REPORT

1.2 MUNICIPAL MANAGER'S OVERVIEW

This Annual Report of 2024/2025 highlights the performance of the Nama Khoi Local Municipality and all stakeholders achieving the strategic goals of Council since the last reporting period.

The achievements are a true reflection of the diligence, transparency and accountability upheld by our administration.

Municipal Functions

A recently refurbished Customer Care Centre was the perfect method to establish a hub for the communities for the various service delivery inquiries, given the municipalities' ongoing efforts to enhance service delivery to communities.

The Customer Care Centre serves as a representative for all the municipality's departments, including finance staff who deal with account inquiries, community services and technical personnel who address complaints about water, sanitation, and electrical services, as well as refuse removal services and law enforcement complaints.

Service Delivery

We have embarked on the process of exploring new technologies in an attempt for better service delivery, with implementation of smart electrical and water meters to reduce the high cost of living affecting communities.

With the commitment to Service delivery remaining the top priority, the municipality is pleased to report on the completion of the following projects within the 2024/2025 financial year.

- Okiep: Rocky Ridge Sewer Reticulation Network
- Refurbishment of Boreholes, Pipelines and Pump Stations
- Komaggas Bulk Water Supply Phase 6B: Equipping of Boreholes in Buffelsrivier

While the following projects are moving forward and making tremendous progress, unrelenting hard work and dedication are continuing.

- Refurbishment of Nababeep Wastewater Works
- Refurbishment of Boreholes, Pipelines and Pump Stations
- Smart water and Electricity Meters (Bulk. Large Customer

Community Services

The submission of a maintenance plan for the upcoming budget cycle, assessments of all municipal buildings within the Nama Khoi jurisdiction were conducted in this financial year speaking of diligent planning, to achieve the strategic goal to add value to all municipal buildings for communities.

Nama Khoi Municipality participated in the One million tree project facilitated by Department Forestry Fisheries and Environmental, where a total of 126 trees were allocated to all nine (9) wards in the jurisdiction of Nama Khoi Municipality. Ward Councillors had the opportunity to give back to communities while educating at the same time.

Financial Health

Through prudent financial practices and robust performance, we have participated in the National Treasury's debt relief programme, leading to the write-off of one third of our Eskom debt - a significant milestone in reducing our liabilities and strengthening our fiscal standing., whilst a promising pending debt write off is underway.

This prudent financial practice continues with municipality successfully entering into the Water Incentive Scheme agreement achieving compliance status over the first two months.

Corporate Governance

NKLM successfully retained the unqualified audit opinion, marking the second such opinion during this council's term.

ANNUAL REPORT

Additionally, we are strengthening our oversight structures, internal controls, and systems to achieve the goal of a clean audit opinion. The successful revision process of approved and implemented policies, terms of references for the broad committees of council and administration, is all aimed at ensuring that council's oversight role is fulfilled while remaining focused on complying with the relevant legislation at all levels.

The unqualified audit opinion from the Auditor General's Office speaks volumes of the diligent performance of the Municipal Public Accounts Committee and the Disciplinary Board where they successfully completed investigations referred to them, while the internal controls and hard work of the audit, risk and performance management committees supported these efforts.

Relentless efforts are still being made to approve the bylaws of the municipality to comply with the latest legislation in collaboration with our partner in government SALGA.

Organisational health

The Appointment of capable staff members in key positions was the drive force behind all achievements and target that was met with the municipality having a full Directorate for the first time in + 5 years. The approved staff establishment reports of a filled vacancy rate of 43.64%.

Despite tremendous achievements we remain mindful and focused of the areas that calls for further attention.

Administration remains fully committed to address ongoing challenges through targeted interventions, ongoing stakeholders' engagements and enhanced operational frameworks.

Sincere gratitude I extended to all Councillors, Municipal Staff, stakeholder and Community members who have contributed to our achievements.

Your unwavering support and collaboration continue to drive this entity to greater heights.

"If everyone is moving forward together, then success takes care of itself."

Acting Municipal Manager

Mr D Malan

ANNUAL REPORT

1.3 MUNICIPAL FUNCTIONS, POPULATION AND ENVIROMENTAL OVERVIEW

This report addresses the performance of the Nama Khoi Municipality in the Northern Cape in respect of its core legislative obligations. Local government must create the participatory framework that defines and enhances the relationship between elected leaders and their communities. This requires that the Council of the Municipality provides regular and predictable reporting on programme performance and the general state of affairs in their locality.

The 2024/25 annual report reflects on the performance of the Nama Khoi Municipality for the period 1 July 2024 to 30 June 2025. The annual report is prepared in accordance with Section 121(1) of the Municipal Finance Management Act (MFMA), in terms of which the Municipality must prepare an annual report for each financial year.

1.3.1 Municipal Overview

Nama Khoi Municipality is situated in the Northern Cape Province within the jurisdictional area of Namakwa District Municipality. The municipal area, in extent **17 989 km²**, is situated in the North-western side of the province. The Nama Khoi Municipality borders Namibia to the northern side, the Atlantic Ocean to the western side, the Hantam Municipal area to the eastern side. The following map indicates the extent of the Nama Khoi Municipality's area of jurisdiction:

Below is a map of the Northern Cape that indicates the location of the Nama Khoi Municipality in the Namakwa District area:

Figure 1.: Nama Khoi Area Map

ANNUAL REPORT

1.3.2 Vision and Mission

The Nama Khoi Municipality committed itself to the vision and mission of:

Development Vision:

“Building Tomorrow, Today”

Mission:

The political office bearers and staff of the Nama Khoi Local Municipality commit to:

“To deliver outstanding services to the community and to stimulate economic development in the region with the focus on the previously disadvantaged.”

Municipal - Strategic objectives:

- Eradicate backlogs to improve access to services and ensure proper operations and maintenance
- To improve overall financial management in the Municipality by developing and implementing appropriate financial management policies, procedures and systems
- Create an environment that promotes and facilitates local economic development
- Improve organisational cohesion and effectiveness
- Promote a culture of participatory and good governance

Pre-determined - Strategic Objectives:

- To ensure sustainable delivery in respect of water and sanitation, electricity, solid waste management and roads and water and storm water services to all residents of Nama Khoi Municipality.
- Strategic and sustainable budgeting, revenue protection and debt control, grow and diversify revenue and value for money in expenditure through the integrated financial plan
- Development and implementation of Nama Khoi LED strategy to ensure the alignment to the economic sectors and also assist the SMME's in cooperation with other stakeholders.
- To initiate, lead and sustain an Environment for job creation in the Nama Khoi Municipal Area.
- To leverage municipal assets and the municipal
- Procurement process with the view to stimulate redistribution and growth.
- Transformation and Institution development
- To provide an overarching framework for sustainable municipal performance improvement
- To provide a framework for Municipal Transformation and Institutional Development
- To enhance the public profile, reputation and positioning of the Nama Khoi Municipality
- To ensure an unqualified audit report
- To institutionalise community based planning at strategic and operational levels
- To enhance the public profile, reputation and positioning of the Nama Khoi Municipality

1.4 MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

1.4.1 Population

a) Total Population

The table below indicates the total population within the municipal area:

ANNUAL REPORT

Population	2001	2011	2022
	44 900	47 041	67 089

ANNUAL REPORT

1.4.2 Households

The total number of estimated households within the municipal area for 2024/25:

Households	2022/23	2023/24	2024/25
Number of households in municipal area	13 462	14 547	14 579 (IDP)
Number of registered indigent households in municipal area	6 260	5 507	4 970

Table 4: Total Number of Households

1.4.3 Demographic Information

a) Municipal Geographical Information

Complex past, rich present

The area is best known as the land of the Nama people, the domain of the indigenous Khoi-San. "Salt of the Earth" is the phrase used by most when referring to the inhabitants of this geographical space.

b) Wards

The Municipality is currently structured into the following 9 Wards:

Ward	Areas
1	Concordia
2	Rooiwal, Vioolsdrift, Steinkopf
3	Rooiwinkel, Bulletrap, Steinkopf, Goodhouse
4	Carolusberg, Fonteintjie, Springbok
5	Bergsig
6	Okiep
7	Vaalwater / Matjieskloof
8	Komaggas / Buffelsrivier / Kleinzee
9	Nababeep

Table 5: Municipal Wards

ANNUAL REPORT

Picture 1: Wards within the Nama Khoi Municipal area

The main towns are as follow:

Springbok:

Being the largest town in the Namakwaland area it is the administrative centre of the Nama Khoi Municipal area. It was called Springbokfontein until 1911 when it was shortened to Springbok. Being situated on the N7 on route to Namibia, it is nestled in between the valley of the Klein Koperberg. The name gives away the reason for the early settlement which gradually turned into a major commercial and administrative centre for copper mining operations in the region. Springbok is the central business district of the Namakwa region in the Northern Cape Province and is a well-known stop-over destination between Cape Town (the capital of the Western Cape Province) and Windhoek (the capital of

Namibia). The town is linked with the Western Cape and Namibia via the N7, and with the Siyanda district in the Northern Cape via the N14. Springbok is nestled in a valley surrounded by copper mountains, with a klipkoppie (hill/rock formation) situated in the centre of town. The Goegap Reserve was opened in 1966 and originally named the Hester Malan Wild Flower Garden, was expanded in 1990 and declared as the Goegap Nature Reserve. The area is approximately 15 000 hectares in size, and lies 15km to the southeast of Springbok. It consists of granite koppies and sandy plains – typical of the Namaqualand landscape. Rainfall occurs in winter – and ranges from 80 to 160mm per year.

ANNUAL REPORT

Okiep:

Okiep has a rich copper-mining history. During the late 1800s and early 1900s, the mine in this town became known as one of the richest copper mines in the world. Okiep is the second oldest mining town in South Africa: mining operations started in 1855 and drew to a close in 1918. The Anglican Church rectory was the original Okiep station from where copper was transported by Clara to Port Nolloth. Clara's last journey ended in Okiep: for several years she was parked on the railway track in the town centre before she was relocated to the Nababeep museum. Tourists can also view the Cornish architectural style of buildings such as the pump house, the smokestack and a number of low water bridges in town. Okiep has two grocery stores and a petrol station, and hosts the office of the local community radio station, Radio NFM. Tourists can visit the famous lookout in town for panoramic views over the Okiep mining hole.

Steinkopf:

The town is located about 45km's to the north-western side of Springbok. The town was formally named Kookfontein and was established as a mission station of the London Missionary Society, but was later taken over by Rhenish Mission. The town was later named after Karl Steinkopf. In the early years the mission was wracked by violence between the San hunter-gatherers and pastoral communities. A mass grave of 32 Nama children at Kinderlê just north of the town testifies as a reminder to the bloody struggles that almost wiped out the San from the area.

Today the town forms part of the floral region where winter rains are strongest but summer rains sometimes do not occur. Livestock are mostly pastured and raised throughout the area by inhabitants whilst others commute to the mines in the large towns.

Another great historical fact about Steinkopf is that once this was the major educational centre and featured what was for decades the only high school in Namaqualand for those individuals deemed as Cape Coloureds during the apartheid regime. The school drew students from far and wide across the Northern Cape.

Goodhouse

Goodhouse is situated on the northern boundary of the Nama Khoi Municipality, bordering the Orange River and Namibia to the north. This settlement area is however, very remote and isolated from the remainder of the municipal area. It is a highly challenging (and almost an impossible task) to integrate this settlement area with other settlement clusters and it is therefore suggested that this settlement area should function solo as functional rural region.

ANNUAL REPORT

Concordia

Concordia boasts various historical and preservation worthy elements that should be protected and conserved. These features and landmarks not only render this area with a unique sense of place, but holds considerable tourism (heritage and cultural tourism) potential that should be marketed as key places of interest. Concordia is a small town with a municipality, a post office, primary and secondary schools, spaza shops and small grocery shops, a guest house, a conference center and other sports facilities. Concordia is a favourite flower-watching spot among tourists.

Bulletrap

The Bulletrap area is surrounded by nature areas and the widely scattered wildflowers. This renders this particular area with a unique sense of place and strategies should hence be focused on protecting the natural areas and flower splendour. The area therefore holds considerable recreational and eco-tourism potential that should be exploited and marketed as a key place of interest.

Viooldrift

Vioolsdrif has several campsites and motels for motorists passing through the border. Many tour operators have set up their base camps for rafting tours on the Orange River.

Kleinsee

Kleinsee (or Kleinsee) is a small coastal town in the Northern Cape, set on the West Coast and best known for diamond mining. Situated in Namaqualand, the town was originally based around a mining community, but was declared a 'ghost town' in 2011 after its mining endeavours came to a halt and the population dwindled drastically. De Beers had Kleinsee declared a public town to the Nama Khoi municipality, after which the town was developed into a more vacation-friendly destination.

The 'shipwreck and daisies route' is now a popular tourist attraction, and the Kleinsee Dam has been turned into an abalone aquaculture project, used to grow oysters for export. There are various 4x4 routes and hiking trails in the area, which is perfect for adventurous holidaymakers.

Kotzehoop/Rooiwal

Kotzehoop / Rooiwal is situated on the northern boundary of the Nama Khoi Municipality, bordering the Orange River and Namibia to the north. This settlement area is very remote and isolated from the remainder of the municipal area.

Nabababep

This town was founded in 1860 by the Okiep Copper Company. Nabababep is an old copper mining town about 19km north-west from Springbok. The area is surrounded by nature areas and the widely scattered wild flowers.

The area therefore holds considerable recreational

ANNUAL REPORT

and eco-tourism potential. Nababeep was the largest copper-mining town in the Namakwa region. The town has a rich copper-mining history, and tourists can visit the Nababeep copper-mining museum which hosts a large exhibition of the history of mining in the region. The steam locomotive (named “Clara”) that transported copper from mining towns such as Nababeep, Okiep and Concordia to the harbour at Port Nolloth is also on display. Nababeep has a grocery store, a liquor store, ATMs, a hospital, a petrol station, a post office, and cellphone and internet reception

Komaggas

Komaggas is situated 40 km south of Springbok and 45 km north of Soebatsfontein on the Komaggas River, a tributary of the Buffels River. The town was founded as a station of the London Missionary Society in 1843. Komaggas was the farm of Jasper Cloete: today, the Cloete family is still prominent members of Komaggas society. The town recently became famous for her kraalbos project.

Buffelsrivier

Spektakel Mountain features distinctive geology compared to the rest of the municipality, and also contains several floral endemics. Buffels River valley cuts through the Namaqualand granite hills and creates an impressive gorge as it meanders from the Bushmanland sandy plains through the mountains down to the coastal plain near Komaggas.

Carolusberg

Carolusberg is situated approximately 9 km out of Springbok. It has a rich copper mining history dating back to 1582 when Simon van der Stel and his party explored the area for gold deposits and discovered, instead, copper deposits. A mine shaft was erected at the place where Van der Stel dug, while an obelisk commemorates the history of copper mining explorations in Carolusberg. In 1983 the Deep Oor Copper Project, a division of the Okiep Copper Company (OCC), commenced operations in Carolusberg. The Deep Oor Mine is 1690 meters in depth, and by 1985 delivered 120 000 tons of copper per month. Underground rock temperatures have been recorded to reach 57 °C.

c) Key Economic Activities

Tourism is seen as the cornerstone of the Nama Khoi economy. The mining sector should be categorized as the primary contributor to job creation and economic growth together with the tourism sector. It is important to view these two sectors as potential drivers of the economy without disregarding the complex manner in which it interacts with all the other sectors not mentioned here, such as agriculture, transport and the emerging markets for eco-efficient technologies focused on water, energy and waste.

The Municipality is dependent upon the following economic activities:

Key Economic Activities	Description - LED
Tourism	Nama Khoi is a popular tourist destination. It has also become a sought-after residential location for retired persons and foreigners. This has certainly been the main contributing factor to the growth that it has experienced over the recent past. Ironically, however, this is also the reason for constraining growth. The current flow of tourists is an important source of income for the Nama Khoi residents. Tourism development is geared towards benefiting an ever-increasing number of Nama Khoi's population.

ANNUAL REPORT

Key Economic Activities	Description - LED
Emerging Tourism Development Routes and Products	This initiative will drive the SMME development initiatives of entrepreneurs who want to partake in the potential of the tourism sector. This should be viewed as a secondary contributor and is aimed at addressing the backlogs of employment and self-employment in the local townships.
Mining	The mining sector with a total of 2 710 (24.0%) employs the second highest number of people relative to the rest of the sectors. Mining industry, due to well-regulated mining safety policies, and the strict registration of a mine, has little or no informal employment.

ANNUAL REPORT

1.5 SERVICE DELIVERY OVERVIEW

Picture 3: Upgrade of Waterkant and Skool Street intersection

1.5.1 Basic Services Delivery Performance Highlights

The table below specifies the highlights for the year:

Highlights	Description
Implementation of sewer projects	Sewer networks were implemented to relieve pressure on fleet and sewer trucks within the area
Waste Water Treatment Projects	- R&R of NababEEP Waste Water Treatment project to address directives - Implementation of Carolusberg Waste Water Treatment works to address directives and promote good governance
Metering	- Electrical Analytical Metering Infrastructure was implemented - Successful TID Roll Over and pre-paid metering Meter Audit conducted - Replacement of 300+ non STS compliant pre-paid meters - Second wave of pre-paid water meters for defaulting consumers - Upgrade of analogue meters to digital meters
Bulk Supply to Buffelsrivier	Migration to Eskom network from aged overhead feeder from NababEEP.
Filling of vacant position	Appointment of Head of Technical Services were concluded in January 2025
Strategic Projects – Kleinzee town take over	The successful Kleinzee town take over with relevant equipment and fleet
Municipal Disaster Relief	Allocation and transfer of funds to repair flood damage
Master Plans completion	The Water and Sanitation Master plan and Water Services Development Plan was successfully developed
Business Plan submissions	Submissions of Water and Sanitation Business Plans as per submission framework and cycle was concluded
IDP	Successful participation process as per Regulation and Guidelines

Table 7: Basic Services Delivery Highlights

ANNUAL REPORT

Picture 4: 800m 63mm HDEP pipe - Wheel Julia Water Network, strengthening

Picture 5: Routine stormwater maintenance and cleaning

1.5.2 Basic Services Delivery Challenges

The table below specifies the challenges for the year:

Description	Actions to address
Cash Flow and Capital	- Revenue Enhancement project and auction of redundant and aged Assets should be implemented during the 2025/26 financial year - The use of positive interest on various grant funding and allocations should also be investigated and implemented
Vacancies	Advertisements and sourcing of suitable candidates within the legislative timeframe must be adhered to
Tools of Trade and vehicles	Prioritize and strategic procurement of vital tools and vehicles, funded by increased and enhanced revenue

ANNUAL REPORT

Description	Actions to address
Vast back log of different services.	- The Municipality should prioritize and strategic implementation of vital and critical works - Forward planning should be implemented for the new IDP cycle as per Circular 88 guidelines
Training and Compliance	The Municipality should prioritize OHS Act related risks

Table 8: Basic Service Delivery Challenges

1.5.3 Number of Households with Access to Basic Services (Billed)

Description	2023/24	2024/25
Electricity service connections	7 346	8 650
Water - available within 200 m from dwelling	12 069	12 070
Sanitation - Households with at least VIP service	11 692	10 241
Waste collection - kerbside collection once a week	16 927	12 717

Table 9: Households with Minimum Level of Basic Services

1.6 FINANCIAL HEALTH OVERVIEW

1.6.1 Financial Viability Highlights

The table below specifies the highlights for the year:

Highlights	Description
Implementation of new financial system	- The municipality, together with the two System Providers and the Consultant who assists with the Annual Financial Statements, managed to align the two systems - Consumer accounts and the billing date impacted the monthly reports and data strings

Table 10: Financial Viability Highlights

1.6.2 Financial Viability Challenges

The table below specifies the challenges for the year:

Description	Actions to address
The municipality underwent two major system changes in the past two financial years. These changes have caused many issues, especially in the Income Department, with several reports not submitted for Performance Management purposes since February 2025, or several reports that have different information compared to the previous systems	- Independent review of both systems and reporting files - New billing date must be set in line with National Treasury requirements - Training for municipal staff on the new system

Table 11: Financial Viability Challenges

1.6.3 National Key Performance Indicators – Municipal Financial Viability and Management (Ratios)

The following table indicates the municipality's performance in terms of the National Key Performance Indicators required in terms of the Local Government: Municipal Planning and the Performance Management Regulations of 2001 and Section 43 of the Municipal Systems Act (MSA). These key performance indicators are linked to the National Key Performance Area namely Municipal Financial Viability and Management.

Description	Basis of calculation	2023/24	2024/25
Financial viability measured in terms of the municipality's ability to meet its service debt obligations as at 30 June 2025 (Short Term Borrowing + Long Term	% of debt coverage	9%	2%

ANNUAL REPORT

Description	Basis of calculation	2023/24	2024/25
Borrowing) / (Total Operating Revenue - Operating Conditional Grant) x 100			
Financial viability measured in terms of the outstanding service debtors as at 30 June 2025 ((Total outstanding service debtors/ revenue received for services)X100)	% of outstanding service debtors	82%	67%
Financial viability measured in terms of the available cash to cover fixed operating expenditure as at 30 June 2025 ((Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, and Provision for Bad Debts, Impairment and Loss on Disposal of Assets))	Number of months it takes to cover fix operating expenditure with available cash	1	8

Table 15: 2024/25 IDP/Budget Process

CHAPTER 2: GOVERNANCE

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

2.1 Good Governance

Good governance has 8 major characteristics. It is participatory, consensus oriented, accountable, transparent, responsive, effective and efficient, equitable and inclusive and follows the rule of law. It assures that corruption is minimized, the views of minorities are taken into account and that the voices of the most vulnerable in society are heard in decision-making. It is also responsive to the present and future needs of society.

2.1.1 PERFORMANCE HIGHLIGHTS – GOOD GOVERNANCE HIGHLIGHTS AND PUBLIC PARTICIPATION

The table below specifies the highlights for the year:

Highlight	Description
IDP/Budget and Performance Time-schedule	The IDP/Budget and Performance Time Schedule with key deadlines was approved by council for the preparation of the 2024/25 IDP in August 2024
IDP Ward Committee engagement	All wards in Nama Khoi Municipal Area has successful IDP engagements during the course of November 2024
IDP consultation sessions with communities	All wards in Nama Khoi Municipal Area had successful IDP consultation sessions
IDP / Budget Steering Committee	Meeting with Senior Management, officials and Councillors were successfully conducted
Nama Khoi Municipality IDP	The IDP was successfully approved by Council

ANNUAL REPORT

Table 16: Good Governance and Public Participation Performance Highlights

2.1.2 CHALLENGES – GOOD GOVERNANCE AND PUBLIC PARTICIPATION

The table below specifies the challenges for the year:

Description	Actions to address
Low attendance of communities of the IDP consultation sessions is a concern for Nama Khoi Municipality	Improve public participation efforts regarding the IDP proses by utilizing the different media platforms like Facebook, Local Radio station, Municipal Website and WhatsApp groups to mobilise communities
Consultation sessions timeframes did not suit everyone	Review the time frames of the sessions and adjust it where possible to accommodate communities
Senior management did not attend the IDP sessions as requested by communities. Only attend some of the sessions	Municipal Manager will address the issue of Senior Management not attending the IDP sessions
Government Departments poor participation in IDP process is a big concern for Nama Khoi Municipality	The Municipality is currently in discussions with COGHSTA to assist in mobilising the relevant sector departments in Nama Khoi Municipal Area to address these sessions
Limited IDP inputs received from communities for inclusion in IDP	Using ward committees and different media platforms like Facebook, Local Radio station, Municipal Website and WhatsApp groups to mobilise communities as a voice to the community to highlight the importance of these IDP sessions.

Table 17: Good Governance and Public Participation Challenges

2.2 GOVERNANCE STRUCTURE

2.2.1 Political Governance Structure

The council performs both legislative and executive functions. They focus on legislative, oversight and participatory roles, and have delegated its executive function to the Mayor and the Mayoral Committee. Their primary role is to debate issues publicly and to facilitate political debate and discussion. Apart from their functions as decision makers, councillors are also actively involved in community work and the various social programmes in the municipal area.

a) Council

The Nama Khoi Municipal Council comprised of 17 councillors, including 9 ward councillors and 8 proportional representation councillors. The Municipality has a Mayoral Committee system and the Mayoral Committee was made up of councillors drawn from the ruling parties.

Below are the table that categorise the councillors within their specific political parties and wards 01 July 2024 – 30 June 2025:

Name of Councillor	Capacity	Political Party	Ward representing or proportional (PR)	Gender
Charlotte Visser	Ward Councillor	ANC	Ward Representing	Female
Susane Jane Cloete	Ward Councillor	ANC	Ward Representing	Female
Warren Charles Britz	Ward Councillor	ANC	Ward Representing	Male
Rodney Kritzinger	Ward Councillor	DA	Ward Representing	Male
Mario Baadjies – Resigned 17 Feb 2025 Simon Kleinbooi	Ward Councillor	ANC	Ward Representing	Male
Joshua Losper (NMC) Resigned 10 Maart 2025 Leonard De Jongh	Ward Councillor	ANC	Ward Representing	Male
Ronald Sydney Jean Claasen	Ward Councillor	ANC	Ward Representing	Male
Kattholo Amos Polori	Ward Councillor	ANC	Ward Representing	Male
Sylvia Amos	Ward Councillor	ANC	Ward Representing	Female

ANNUAL REPORT

Name of Councillor	Capacity	Political Party	Ward representing or proportional (PR)	Gender
Gustav Matthew Shannon Bock	Ward Councillor	NCM	Proportional	Male
Anna Magdalena Julie	Ward Councillor	NCM	Proportional	Female
Rodville Franklin Adams	Ward Councillor	NCM	Proportional	Male
Zuie Pillis De Jongh	Ward Councillor	DA	Proportional	Female
James Francis Murray Otto	Ward Councillor	VFP	Proportional	Male
Willem Steenkamo Joradaan	Ward Councillor	DA	Proportional	Male
John Edward Van de Heever	Ward Councilor	DA	Proportional	Male
Willem Jacobus Goedeman	Ward Councillor	DA	Proportional	Male

Table 18: Council

Below is a table which indicates the Council meeting attendance for the 2024/25 financial year:

Month	Ordinary Council Meeting	Special Council Meeting	In Committee Meeting Dates	Council Meeting Attendance	Apologies for non-attendance
July 2024					
August 2024	30 August 2024			23	H. Fielding
September 2024					
October 2024		11 October 2024	11 October 2024	20	Jl Swartz
		30 October 2024	30 October 2024	19	H Fielding
November 2024	28 November 2024		28 November 2024	20	JFM Otto

		26 May 2025		28	
June 2025	26 June 2025		26 June 2025	22	

Table 19: Council Meetings

c) Portfolio Committees

The following Section 80 Committees were established by Council per resolution SRVN006/11/2021 on 30 November 2021:

- (i) Financial Committee
- (ii) Social Committee
- (iii) Infrastructure Committee

ANNUAL REPORT

The following Councillors were appointed to the various committees, in the capacities and representing the parties as indicated:

i) Finance Committee

Name	Capacity	Political Party
R Kritzinger	Councillor	DA
ZP De Jongh	Councillor	DA
JC Losper (Resigned - 10 March 2025)	Councillor	ANC
GMS Bock	Councillor (Ex Officio)	NCM

iii) Infrastructure Committee

Name	Capacity	Political Party
RF Adams	Councillor	NCM
WS Jordaan	Councillor	DA
RSJ Claasen	Councillor	ANC
GMS Bock	Councillor (Ex officio)	NCM

Table 22: Strategic Services Portfolio Committee

iv) MPAC

MPAC serves as an accountability player at the local level of government and is a link in the chain of accountability. By adding an impartial political oversight body to the existing governance committees like the Independent Audit Committee, Finance Portfolio, and EXCO, it improves the accountability process. MPAC will work with Council to ensure that public funds are used effectively and efficiently, as well as to hold executive and municipal departments accountable. The Committee (MPAC) needs the required information to carry out its duties efficiently. MPAC makes it possible for the Council to carry out its constitutional duty to

examine and monitor executive action regarding financial management and non-financial activities.

The following table indicates the members of the MPAC:

Name	Capacity	Political Party
M Baadjies (resigned 17 February 2025)	Councillor	NCM
JFM Otto started 27 March 2025	Councillor	VFP
JE van Den Heever	Councillor	DA
KA Polori	Councillor	ANC

Table 23: MPAC

2.2.2 Administrative Governance Structure

The Municipal Manager is the Accounting Officer of the Municipality. He is the head of the administration, and primarily has to serve as chief custodian of service delivery and implementation of political priorities. He is assisted by his direct reports, which constitutes the management team, whose structure is outlined in the table below:

ANNUAL REPORT

Name of Official	Position	Period	Performance agreement signed
			(Yes/No)
Mr JI Swartz	Municipal Manager	01 July 2024-30 June 2025	Yes
Mr HE Cloete	CFO	01 July 2024-30 June 2025	Yes
Mr JH Adams	Director : Technical services	01 Jan 2025- June 2025	Yes
Mr DM Malan	Director : Corporate Services	01 Jan 2025- 30 June 2025	Yes
Mrs RP Sebela	Director : Community Services	February 2025- 30 June 2025	Yes

Table 24: Administrative Governance Structure

COMPONENT B: INTERGOVERNMENTAL RELATIONS

2.5 INTERGOVERNMENTAL RELATIONS

2.5.1 Intergovernmental Structures

To adhere to the principles of the Constitution the municipality participates in the following intergovernmental structures:

Name of structure	Members	Outcomes of engagements and topics discussed
IGR District Forum	District Municipality; GOGHSTA Regional Office; Mayors and Municipal Managers other sector departments	District based initiative
IDP Repforum	District Municipality; COGHSTA Regional Office; IDP/LED Officials other sector departments	District based initiative
District Development Plan Forum	District Municipality; GOGHSTA Regional Office; Mayors and Municipal Managers, IDP/LED Officials other sector departments	District based initiative
District Infrastructure Forum	GOGHSTA and neighbouring municipalities	District based initiative
Economic Transformation and Job Creation Implementation Forum	DEDAT, and LED/IDP officials	Provincial and District based initiative
SPLUMA Tribunal	Town planning officials	Local and District based initiative
HR Practitioner's Forum	SALGA and HR Practitioners	Provincial based initiative
South African Local Government Association (SALGA)	SALGA Working Groups, Councillors and Senior Managers of Municipality	Provincial based initiative
Governance and Intergovernmental Relations Forum	SALGA and Councillors	Provincial based Initiative
Project Management Services Working Group	GOGHSTA and neighbouring municipalities	District based initiative
Quarterly & Mid-year Budget Engagements	Northern Cape Provincial Treasury; Finance & IDP/PMS officials	Provincial based initiative
IDP Assessments Engagements	District Municipality; COGHSTA Regional Office; IDP/LED Officials other sector departments	Provincial and regional based initiative
Annual Report Assessments Engagement	COGHSTA and neighbouring municipalities	Provincial and regional based initiative
Local Government Municipal Improvement Model (LGMIM) Assessments	COGHSTA and Namakwa District municipalities	National and regional based initiative

Table 25: Intergovernmental Structures

ANNUAL REPORT

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

Section 16 of the Municipal Systems Act (MSA) refers specifically to the development of a culture of community participation within municipalities. It states that a municipality must develop a culture of municipal governance that complements formal representative government with a system of participatory governance. For this purpose, it must encourage and create conditions for the local community to participate in the affairs of the community. Such participation is required in terms of:

- the preparation, implementation and review of the IDP;
- establishment, implementation and review of the performance management system; and
- monitoring and review of the performance, including the outcomes and impact of such performance; and preparation of the municipal budget.

2.6. Ward Committees

It was agreed that all 9 wards would have 10 ward committee members, and that a stipend of R500 per ward committee member will be paid.

2.6.1 Frequency of meetings of ward committees:

It was agreed that ward committees meet once every two months. Items for discussion will be ward based on matters raised by the various ward committee members.

2.6.2 Funding of out-of-pocket expenses for ward committee members:

Council approved that each ward committee member should receive a monthly stipend of R500 to cover transport and telephone expenditure, conditional that they attend the standing ward committee meetings that are held quarterly.

2.6.3 Functionality of Ward Committee

The purpose of a ward committee is:

- to get better participation from the community to inform council decisions;
- to make sure that there is more effective communication between the Council and the community; and
- to assist the ward councillor with consultation and report-backs to the community.

Ward committees should be elected by the community they serve. A ward committee may not have more than 10 members and women should be well represented. The ward councillor serves on the ward committee and act as the chairperson. Although ward committees have no formal powers, they advise the ward councillor who makes specific submissions directly to the administration. These committees play a very important role in the development and annual revision of the integrated development plan of the area.

The table below provides information on the establishment of ward committees and their functionality:

Ward Number	Committee established (Yes / No)	Number meetings held during the year	Committee functioning (Yes / No)	Actions to address
1	Yes	12	Yes

2.6.4 Representative Forums

a) Labour Forum

The table below specifies the members of the Labour Forum for the 2024/25 financial year:

Name of representative	Capacity
2024/25	
Employers Component	
C/R Kritzingier	Mayor
Mr JI Swartz	Municipal Manager
Mr HE Cloete	CFO
C/R Adams	Councillor
Mr J Adams	Director Technical Services
Mr D Malan (11 Febr 2025)	Director Corporate Services
Shop stewards	
Ms M Cloete	SAMWU
Mr DD Cloete	SAMWU (Chair)
Ms JJ Van Zyl	SAMWU
Mr E Jantjies	IMATU
Mrs W Engelbrecht (14 April 2025)	IMATU

Table 36: Labour Forum

COMPONENT D: CORPORATE GOVERNANCE

Corporate governance is the set of processes, practices, policies, laws and stakeholders affecting the way an institution is directed, administered or controlled. Corporate governance also includes the relationships among the many stakeholders involved and the goals for which the institution is governed.

2.7 RISK MANAGEMENT

2.7.1 Legislative Mandate

Section 62(1)(c)(i) of the Local Government Municipal Finance Management Act, Act 56 of 2003 requires that the Accounting Officer ensures that the Municipality has and maintain effective, efficient and transparent systems of risk management. National Treasury Regulation 3.2.1, in terms of risk management implementation, tasks the accounting officer to ensure that a risk assessment is conducted regularly to identify emerging risk of the institution. Also, to utilize a risk management strategy,

ANNUAL REPORT

inclusive of a fraud prevention plan, to direct internal audit effort and priority, and to determine the skills required of managers and staff to improve controls and to manage these risks. The extension of general responsibilities, in terms of the MFMA Section 78, to all senior managers and other officials of the municipalities implies that responsibility for risk management vests throughout all levels of management and is not limited to only the Accounting Officer and Internal Audit.

2.7.2 Top Strategic Risk Themes for the Municipality

The table below indicates the top ten risks of the Municipality for 2024/25:

Ranking	Type	Risk
1	Organizational Design	Organizational structure not responsive to service delivery objectives
2	Performance Management	Performance evaluations not conducted for other staff members (excluding Management)
3	Finance	Inability to meet financial obligations
4	Finance	Unfavorable Audit Opinion
5	Disaster Management ICT	Municipality not continuing after disruption or disaster

Table 37: Top Five Risks

2.8 ANTI-CORRUPTION AND FRAUD

Section 83(c) of the MSA refers to the implementation of effective bidding structures to minimize the possibility of fraud and corruption and the Municipal Finance Management Act (MFMA), Section 112(1) (m)(i) identify supply chain measures to be enforced to combat fraud and corruption, favouritism and unfair and irregular practices. Section 115(1) of the MFMA states that the accounting officer must take steps to ensure mechanisms and separation of duties in a supply chain management system to minimize the likelihood of corruption and fraud.

2.8.1 Developed Strategies

Name of strategy	Developed (Yes/No)	Date Adopted/Reviewed
Anti-Corruption Strategy and Fraud Prevention Policy and Plan	Yes	27 June 2024

Table 38: Strategies

2.9 AUDIT COMMITTEE (AC)

Section 166(2) of the MFMA states that an AC is an independent advisory body which must advise the municipal council, the political office-bearers, the accounting officer and the management staff of the municipality, on matters relating to:

- internal financial control;
- risk management;
- performance management; and
- effective governance.

The AC have the following main functions as prescribed in Section 166(2) (a-e) of the MFMA and the Local Government Municipal and Performance Management Regulation:

2.9.1 Functions of the AC

- To advise the Council on all matters related to compliance and effective governance.
- To review the annual financial statements to provide Council with an authoritative and credible view of the financial position of the municipality, its efficiency and its overall level of compliance with the MFMA, the annual Division of Revenue Act (DoRA) and other applicable legislation.
- Respond to the Council on any issues raised by the Auditor-General in the audit report.

ANNUAL REPORT

- To review the quarterly reports submitted to it by the internal audit.
- To evaluate audit reports pertaining to financial, administrative and technical systems.
- The compilation of reports to Council, at least twice during a financial year.
- To review the performance management system and make recommendations in this regard to Council.
- To identify major risks to which Council is exposed and determine the extent to which risks have been minimised.
- To review the annual report of the Municipality.
- Review the plans of the Internal Audit function and in so doing; ensure that the plan addresses the high-risk areas and ensure that adequate resources are available.
- Provide support to the Internal Audit function.
- Ensure that no restrictions or limitations are placed on the Internal Audit section.
- Evaluate the activities of the Internal Audit function in terms of their role as prescribed by legislation.

2.10 PERFORMANCE AND AUDIT COMMITTEE (PAC)

2.10.1 Functions of the PAC

In terms of Section 14(4) (a) of the Performance Management Regulations, the PAC has the responsibility to:

- review the quarterly reports produced and submitted by the internal audit process;
- review the municipality's performance management system and make recommendations in this regard to the council of the municipality; and
- at least twice during each financial year submit a performance audit report to the council of the municipality.

2.9.2 Members of the AC and Performance Audit Committee

Name of representative	Capacity	Meeting dates	Qualifications
Mr. F Rootman	Chairperson	21 Aug 2024 10 Dec 2024	B Compt Degree
Mr. HJS Stone	Member	22 Apr 2025 13 June 2025	BComm – Commerce CA – SAICA – membership 00238314 Assessor of SAICA – membership A00238314

Table 39: Members of the AC and PAC

2.11 INTERNAL AUDITING

Section 165 (2) (a) and (b)(iv) of the MFMA requires that:

The Internal Audit Unit of a municipality must:

- prepare a risk-based audit plan and an internal audit program for each financial year; and
- advise the accounting officer and report to the audit committee on the implementation on the internal audit plan and matters relating to:
 - internal audit;
 - internal controls;
 - accounting procedures and practices;
 - risk and risk management;
 - performance management;
 - loss control; and
 - compliance with this Act, the annual Division of Revenue Act and any other applicable legislation
- perform other duties as may be assigned to it by the accounting officer.

ANNUAL REPORT

The Municipality has an In-house Internal Audit function consisting of three (3) permanent officials and one (1) intern.

2.12 BY-LAWS AND POLICIES

Section 11 of the MSA gives a Council the executive and legislative authority to pass and implement by-laws and policies.

Below is a list of all the policies that were developed and/or reviewed during the year:

Policies developed/ revised	Council resolution Nr	Date adopted
Policies reviewed and implemented

Table 40: Policies

2.13 COMMUNICATION

2.3.1 Customer Care Aims

Nama Khoi Local Municipality aims to provide consistent service excellence whenever customers make contact with the Municipality. This aim incorporates the Municipality's commitment to ensuring the human rights principles set out in the South African Constitution, the eight Batho Pele principles aimed at transforming public service, and 'getting it right the first time.'

Nama Khoi Municipality aims to emphasize the message that its customers are all the people within the municipal jurisdiction and everyone who does business with the Municipality. In this sense there are external and internal customers, and the same standards must apply when working with colleagues (internal customers) than with people outside the organization.

It is our aim to provide all citizens within the Nama Khoi Municipality access to appropriate, acceptable, safe and affordable basic water supply, sanitation services and refuse collection. . We would like all residents to be educated in the sustainable and healthy use of water and sanitation services that are **equitable** (adequate services are provided fairly to all people.); **affordable** (no one is excluded from access to basic service because of cost); **efficient and effective** (the job is well done); **sustainable** (services are financially, environmentally, institutionally and socially sustainable); and **professional**.

Below is a Customer Care checklist of the compliance to the customer care requirements:

ANNUAL REPORT

Customer Care activities	Yes/No
Complaints Management Policy	Yes
Customer Satisfaction Survey	Yes
Complaints Register	Yes
Departmental WhatsApp Groups	Yes
Customer Care Help Desk	Yes
Customer Care Call Centre	Yes

Table 41: Customer Care Activities

Picture 6: Customer Care Team

a) Complaints Management Policy

The purpose of the Complaints Management Policy of Nama Khoi Local Municipality is to ensure that the Municipality resolve the complaints reported within the prescribed turnaround time limit as approved by Council. It is also to ensure that all customers, whether they are residents or visitors, or do business with the municipality, will receive uniform, consistent high standard of customer care in all departments within the municipality

b) Customer Satisfaction Survey

The Municipality via its Customer Care unit developed methods of receiving customer feedback to determine levels of customer satisfaction in terms of standard of service received. For the 2024/2025 financial year the Municipality embarked on an customer satisfaction questionnaires and post-transaction follow- up.

c) Complaints Register

We furnished the Department Cooperative Governance, Human Settlement and Traditional Affairs monthly with our complaints registers for assessment to be measured against compliance, implementation and the turnaround time limit of remedial actions. The analysis of the registers by the Department is that the community is reporting service delivery complaints to the municipality and that the municipality does resolve the complaints reported. Further, more findings of the Department on the complaints registers are that the municipality responded positively to the corrective measures pointed out by the department in the previous assessment outcomes.

d) Departmental WhatsApp Group

To communicate internally with all departments by referring, monitoring and reporting on complaints received and service delivery

ANNUAL REPORT

e) Customer Care Help Desk

Customers report comments, complaints, compliments and queries regarding municipal services daily at any service counter of the Municipality

12.13.2 Customer Care Unit

2.14 WEBSITE

Municipalities are required to develop and maintain a functional website that displays relevant information as per the requirements of S75 of the MFMA and S21A and B of the Municipal Systems Act ("MSA") as amended.

The website should serve as a mechanism to promote accountability and transparency to communities and therefore information posted should be accurate and timeously updated.

The municipal website is a key communication mechanism in terms of service offering, information sharing and public participation. It is a communication tool that should allow easy and convenient access to relevant information. The municipal website should serve as an integral part of the municipality's communication strategy.

ANNUAL REPORT

Picture 10: Nama Khoi Municipal Website

The table below gives an indication about the information and documents that are published on our website:

Description of information and/or document	Yes/No and/or Date Published

Table 45: Website Checklist

2.15 SCM

The municipality is continuously striving to improve its sourcing strategies by ensuring that its Supply Chain Management Policy is regularly updated to align it with all applicable legislations that governs Supply Chain in the country. The Supply Chain Management Policy of the municipality has been reviewed and approved by Council for the 2023/2024 financial year as it is required by MFMA.

Every procurement is done in line with SCM processes and thresholds outlined in the policy and National Treasury practice notes and guidelines and more so in line with MFMA. Procurement has been centralized to ensure compliance to the procurement process.

The Municipality also has functional bid committees and its composition is in line with the requirements of the National Treasury.

2.15.1 Highlights: SCM

The table below specifies the highlights for the year:

Highlights	Description
Resilience Despite Capacity Constraints	SCM successfully fulfilled its duties and maintained service delivery, even though the unit has been operating with limited staff
Implementation of Policy and Regulatory Changes	Successfully adapted and implemented changes in SCM policies and regulations, ensuring compliance and alignment with latest legislative requirements
Capacity Building and Training	Internal workshops held to strengthen compliance awareness and reduce errors
Strategic Sourcing and Procurement	- Expanded the supplier database to encourage broader participation - Improved supplier relationship management and communication

Table 46: Highlights: SCM

2.15.2 Challenges: Supply Chain Management

The table below specifies the challenges for the year:

Description	Actions to address
Understaffing and Capacity Constraints	The unit has been operating with limited staff, increasing workload and pressure on existing employees
Prioritising High Workload and Urgent Requests	- Managing multiple urgent orders (life-and-death items, critical service deliveries) alongside routine procurement tasks - Daily tasks were unpredictable, with new urgent matters constantly arising, requiring flexibility and quick decision-making

ANNUAL REPORT

Description	Actions to address
End-User Coordination	Miscommunication or incomplete requisitions from end-user departments sometimes caused delays in processing orders

Table 47: Challenges: Supply Chain Management

2.15.4 B-BBEE Compliance Performance Information

Section 121(3)(k) of the MFMA indicates that the annual report of a municipality should include any other information as may be prescribed. The Broad Based Black Economic Empowerment (B-BBEE) Act (53 of 2003; as amended by Act 46 of 2013) read in conjunction with the B-BBEE Regulations of 2016 states in Section 13G(1) that all spheres of government, public entities and organs of state must report on their compliance with broad-based black economic empowerment in their Annual Financial Statements (AFS) and Annual Report (AR). In accordance with the explanatory notice (Notice 1 of 2018) issued by the B-BBEE Commission the following tables provide details on the municipality's compliance with regard to broad-based economic empowerment:

a) Management Control

Category	Number	Race Classification	Gender	Disability
Senior Management	4	African Coloured	1 x Female 3 x Male	None

Table 48: Management control

b) Skills Development

Category	Number	Race Classification	Gender	Disability	Total Amount Spent
Black employees	N/A	N/A	N/A	None	N/A
Black non-employees	None	N/A	N/A	None	N/A
Black people on internships, apprenticeship, learnership	3	1 – Africans 2– Coloured	1 – Females 2 - males	None	N/A
Unemployed black people on any programme under the learning programme matrix	None	N/A	N/A	None	N/A
Black people absorbed at end of internships, apprenticeship, learnership	None	N/A	N/A	None	N/A

Table 49: Skills development

d) Enterprise and Supplier Development

Note: Enterprise and supplier development statistics is not available for the year under review. The figures must be verified by an accredited verification agent.

ANNUAL REPORT

CHAPTER 3: SERVICE DELIVERY PERFORMANCE

3.1 OVERVIEW OF PERFORMANCE WITHIN THE ORGANISATION

Performance management is a process which measures the implementation of the organisation's strategy. It is also a management tool to plan, monitor, measure and review performance indicators to ensure efficiency, effectiveness and the impact of service delivery by the Municipality.

At local government level performance management is institutionalized through the legislative requirements on the performance management process for Local Government. Performance management provides the mechanism to measure whether targets to meet its strategic goals, set by the organisation and its employees, are met.

3.1.1 Legislative Requirements

The Constitution of S.A (1996), Section 152, dealing with the objectives of local government paves the way for performance management with the requirements for an "accountable government". The democratic values and principles in terms of Section 195 (1) are also linked with the concept of performance management, with reference to the principles of *inter alia*:

- the promotion of efficient, economic and effective use of resources
- accountable public administration
- to be transparent by providing information
- to be responsive to the needs of the community
- to facilitate a culture of public service and accountability amongst staff

The Municipal Systems Act (MSA), (Act 32 of 2000) requires municipalities to establish a performance management system. Further, the MSA and the Municipal Finance Management Act (MFMA) requires the Integrated Development Plan (IDP) to be aligned to the municipal budget and to be monitored for the performance of the budget against the IDP via the Service Delivery and the Budget Implementation Plan (SDBIP).

In terms of Section 46(1)(a) of the MSA a municipality must prepare for each financial year a performance report reflecting the municipality's and any service provider's performance during the financial year, including comparison with targets of and with performance in the previous financial year. The report must, furthermore, indicate the development and service delivery priorities and the performance targets set by the municipality for the following financial year and measures that were or are to be taken to improve performance.

3.1.2 Organisation Performance

Strategic performance indicates how well the municipality is meeting its objectives and which policies and processes are working. All government institutions must report on strategic performance to ensure that service delivery is efficient, effective and economical. Municipalities must develop strategic plans and allocate resources for the implementation. The implementation must be monitored on an ongoing basis and the results must be reported on during the financial year to various role-players to enable them to timeously implement corrective measures where required.

3.1.3 The Performance System Followed for 2024/25

a) The IDP and the budget

The IDP and the budget for 2024/25 was reviewed and approved on 24 May 2024. The IDP and performance management processes are integrated. The IDP fulfils the planning stage of performance management. Performance management in turn, fulfils the implementation, management, monitoring and evaluation of the IDP.

During the year under review the Municipality did not appoint any service providers who provided municipal services to or for the benefit of the local community on behalf of the Municipality and therefore this report contains no such details. All other contract appointments are regularly monitored.

ANNUAL REPORT

b) Actual performance

The Municipality utilizes an electronic web-based system on which KPI owners update actual performance on a monthly basis. KPI owners report on the results of the KPI by documenting the following information on the performance system:

- The actual result in terms of the target set
- A performance comment
- Actions to improve the performance against the target set, if the target was not achieved

It is the responsibility of every KPI owner to maintain a portfolio of evidence to support actual performance results updated.

3.1.4 Performance Management

Performance management is prescribed by the MSA and the Municipal Planning and Performance Management Regulations, (796 of August 2001), Section 7(1) of the aforementioned regulation states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the responsibilities of the different role players." This framework, inter alia, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance. The Municipality adopted a performance management framework that was approved by Council in 2009.

a) Organisational performance

This report highlights the strategic performance in terms of the Municipality's Top Layer SDBIP, performance on the National Key Performance Indicators prescribed in terms of Section 43 of the MSA and an overall summary of performance on municipal services.

The organisational performance is monitored and evaluated via the Top Layer SDBIP and the performance process can be summarised as follows:

- The Top Layer SDBIP 2024/25 was approved by the Mayor on 05 June 2024.
- The Municipality utilises a web-based performance management system which is updated on a quarterly basis.
- The Section 72 Mid-year Report in terms of the MFMA, was submitted to Council on 30 January 2025
- The Internal Audit Unit reviews the performance measurements of the Municipality on a continuous basis as prescribed by relevant legislation, which includes submission of reports on a quarterly basis to the Municipal Manager and Audit Committee

b) Individual performance management

Senior Management

The MSA prescribes that the Municipality must enter into performance-based agreements with the S57-employees and that performance agreements be reviewed annually. This process and the format are further regulated by Regulation 805 (August 2006). The performance agreements for the 2024/25 financial year were signed within the legislative timeframe for the Municipal Manager and Chief Financial Officer (08 July 2024). The Performance Agreements of Messrs. J H Adams (Director Technical Services) and DM Malan (Director Corporate Services) were signed on 27 February 2025. The Performance Agreement of Ms. R Sebela (Director Community Services) was signed on 31 March 2025.

The mid-year performance assessment was held on 25 February 2025 for the 2024/25 financial year. The final evaluation for the year under review will be conducted after the completion of the audit of the Annual Performance Report is concluded by the Auditor General.

All Staff

The Municipal Staff Regulations 890 and Guidelines 891 promulgated on 20 September 2021 Chapter 4, Performance Management and Development System Section 32 (1) states that the performance management and development system applies to all staff members of a municipality with the exclusion of certain staff members as stated by the subsections (a) – (d).

ANNUAL REPORT

However due to various issues raised by Municipalities across the country COGTA on 17 June 2022 provided Municipalities with Circular 12 which provided Municipalities with an extension for implementation on 01 July 2023 in terms of Chapter 2 and 4 of these Regulations.

In terms of this extension provided to the Municipality, the Municipality has therefore developed/started the following process in order to ensure implementation:

- Review and approval various policies to be inline with the regulations;
- Started with the review process of the staff establishment;

The Municipality is currently struggling with the implementation of the Individual Performance Management and Development of all staff due to:

- Lack of staff buy-in
- Capacity constraints within the HR department
- Budget constraints to fully implement all facets of the Staff Regulations

The Municipality is therefore currently still in the process of investigating the implementation of individual performance to all staff during the 2025/26 financial, emits the availability of budget and staff capacity constraints.

The Municipality will continue to ensure that the Regulation is implemented with a phased approach.

c) Service Providers Strategic Performance

Section 76(b) of the MSA states that KPIs should inform the indicators set for every municipal entity and service provider with whom the Municipality has entered into a service delivery agreement. A service provider:

means a person or institution or any combination of persons and institutions which provide to or for the benefit of the local community

External service provider means an external mechanism referred to in section 76(b) which provides a municipal service for a municipality

Service delivery agreement means an agreement between a municipality and an institution or person mentioned in section 76(b) in terms of which a municipal service is provided by that institution or person, either for its own account or on behalf of the municipality

During the year under review the Municipality did not appoint any service providers who provided municipal services to or for the benefit of the local community on behalf of the Municipality and therefore this report contains no such details. All other contract appointments are regularly monitored.

3.2 INTRODUCTION TO STRATEGIC AND MUNICIPAL PERFORMANCE FOR 2024/25

3.2.1 Strategic Objective linkage

The Nama Khoi Municipality aligns to the National Key Performance Areas as follow:

National Key Performance Objective	Municipal Strategic Objectives		Pre-determined Strategic Objectives
Basic Service Delivery and Infrastructure	Eradicate backlogs to improve access to services and ensure proper operations and maintenance	SO 1	• To ensure sustainable delivery in respect of all services to all residents of Nama Khoi
Municipal Financial Viability and Management	To improve overall financial management in the Municipality by developing and implementing appropriate financial management policies, procedures and systems	SO 2	• Strategic and sustainable budgeting, revenue protection and debt control, grow and diversity revenue and value for

ANNUAL REPORT

National Key Performance Objective	Municipal Strategic Objectives		Pre-determined Strategic Objectives
			- money in expenditure through the integrated financial plan - Procurement process with the view to stimulate redistribution and growth - To leverage municipal assets and the municipal
Local Economic	Create an environment that promotes and facilitates local economic development	SO3	- To initiate, lead and sustain an environment for job creation in the Nama Khoi Municipal Area - Development and implementation of Nama Khoi LED strategy to ensure the alignment to the economic sectors and also assist the SMME's in cooperation with other stakeholders
Institutional Development and Municipal Transformation	Improve organisational cohesion and effectiveness	SO4	- To provide an overarching framework for sustainable municipal performance improvement <i>To provide a framework for Municipal Transformation and Institution development</i> <i>Transformation and Institution development</i>
Good Governance and Public Participation	Promote a culture of participatory and good governance	SO5	- To institutionalize community-based planning at strategic and operational levels - To enhance the public profile, reputation and positioning of the Nama Khoi Municipality - To ensure an unqualified audit report

Table 50: Strategic alignment

3.2.2 Strategic SDBIP (Top Layer)

The purpose of strategic performance reporting is to report specifically on the implementation and achievement of IDP outcomes. This section provides an overview on the strategic achievement of a municipality in terms of the strategic intent and deliverables achieved as stated in the IDP. The Top Layer SDBIP is the Municipality's strategic plan and shows the strategic alignment between the different documents (IDP, budget and performance agreements).

In the paragraphs below the performance achieved is illustrated against the Top Layer SDBIP according to the IDP (strategic) objectives.

ANNUAL REPORT

The following figure explains the method by which the overall assessment of actual performance against targets set for the key performance indicators (kpi's) of the SDBIP is measured:

3.2.2 Adjustment SDBIP 2024/25

Section 26 (1) and (2)(c) of the Municipal Budget and Reporting Regulations and in terms of the MFMA Section 54 (1) (c) the Municipality may amend/adjust the SDBIP together with the Adjustment Budget by 28 February. On 28 February 2024 Council approved (RVN06/02/2024) the amended SDBIP. The Annexure A's for the Senior Managers (Performance Plans) were comprehensively reviewed and revised during February 2025, in accordance with the adjustments made to the SDBIP

The following amendments/adjustments were made:

Top Layer Reference Number	Reason for adjustment/ amendment
TL1	KPI wording for completion year amended from 2024 to 2025
TL8	KPI wording
TL8; 14; 15;16;17;18;19;20;21	The baselines were updated with the previous year 2023/24 actual audited performance. The targets subsequently amended to be in line with the previous year actual audited results
TL22 and 23	These two indicators have been moved from the Directorate Financial Services to the Directorate Technical Services. It was previously with the responsible owner as the Director Financial Services as the Director Technical Services position was vacant, but due to the Director Technical Services position being filled, these two indicators now resorted under his direct responsibility

Table 51: SDBIP TL 2024/25 adjustments/amendments

The following new indicators were added:

Top Layer Reference Number	Reason for adjustment/ amendment
TL34	This KPI was added due to the appointment of the Director Community Services who takes direct accountability for the grant funding expenditures monitoring
TL35	This KPI was added due to the appointment of the Director Technical Services who takes direct accountability for the grant funding expenditures monitoring of the repairs of the flood damage that occurred
TL36	This KPI was added due to the outcomes of the Auditor Generals findings on the 2023/24 financial to indicate a roads and stormwater KPI on the TL SDBIP that is measurable

Table 52: SDBIP TL 2024/25 adjustments/ KPI's added

3.2.5 Service Providers Strategic Performance

Section 76(b) of the MSA states that KPIs should inform the indicators set for every municipal entity and service provider with whom the municipality has entered into a service delivery agreement. A service provider:

- means a person or institution or any combination of persons and institutions which provide to or for the benefit of the local community
- External service provider means an external mechanism referred to in Section 76(b) which provides a municipal service for a municipality
- Service delivery agreement means an agreement between a municipality and an institution or person mentioned in Section 76(b) in terms of which a municipal service is provided by that institution or person, either for its own account or on behalf of the municipality

During the year under review the Municipality did not appoint any service providers who provided municipal services to or for the benefit of the local community on behalf of the Municipality and therefore this report contains no such details. All other contract appointments are regularly monitored to ensure that the requirements of the contract are complied with.

ANNUAL REPORT

3.4.1 Municipal Functions

a) Analysis of Functions

The municipal functional areas are as indicated below:

Municipal function	Municipal function Yes / No
Constitution Schedule 4, Part B functions:	
Air pollution	Yes
Building regulations	Yes
Childcare facilities	No
Electricity and gas reticulation	Yes
Firefighting services	Yes
Local tourism	Yes
Municipal airports	Yes
Municipal planning	Yes
Municipal health services	No
Municipal public transport	Yes
Municipal public works only in respect of the needs of municipalities in the discharge of their responsibilities to administer functions specifically assigned to them under this Constitution or any other law	Yes
Pontoons, ferries, jetties, piers and harbours, excluding the regulation of international and national shipping and matters related thereto	No
Stormwater management systems in built-up areas	Yes
Trading regulations	Yes
Water and sanitation services limited to potable water supply systems and domestic waste-water and sewage disposal systems	Yes
Constitution Schedule 5, Part B functions:	
Beaches and amusement facilities	No
Billboards and the display of advertisements in public places	Yes
Cemeteries, funeral parlours and crematoria	Yes
Cleansing	Yes
Control of public nuisances	No
Control of undertakings that sell liquor to the public	No
Facilities for the accommodation, care and burial of animals	No
Fencing and fences	Yes
Licensing of dogs	No
Licensing and control of undertakings that sell food to the public	Yes
Local amenities	No
Local sport facilities	Yes
Markets	No
Municipal abattoirs	No
Municipal parks and recreation	Yes
Municipal roads	Yes
Noise pollution	No
Pounds	No
Public places	Yes
Refuse removal, refuse dumps and solid waste disposal	Yes
Street trading	Yes
Street lighting	Yes

ANNUAL REPORT

Municipal function	Municipal function Yes / No
Traffic and parking	Yes

Table 60: Functional Areas

COMPONENT A: BASIC SERVICES RENDERED

3.3 Water Provision

Picture 11: Water tanker

3.3.1 Introduction to Water Provision

The water sources in the municipal area are as follows:

Sources of water	
Number of production Boreholes: Own sources	11 Boreholes (5.8 % of total input volume)
Surface Water: Own sources	5.3 %
Surface Water: Sedibeng	88.9 %

Table 61: Source of water (Municipal own statistics)

Water is a fundamental and indispensable natural resource. It is fundamental to life, the environment, food production, hygiene and power generation. Poverty reduction and improved water management are inextricably linked. Section 4B of the Constitution lists water and sanitation services limited to portable water supply systems and domestic waste water and sewerage disposal systems as a local government function. Basic water is defined as 200 litres of portable water per day supplied within 200 meters of a household.

ANNUAL REPORT

The Municipality provides water and sanitation services at significantly higher levels than the basic Reconstruction and Development Programme (RDP) requirements. Almost all urban residents have access to uncontrolled water supply in houses or yards and full borne water sewerage. The Municipality continuously strives to improve on the existing levels of service. The number of residential consumers of water is expected to increase in line with the growth in population.

3.3.2 Highlights: Water Provision

The table below specifies the highlights for the year:

Highlights	Description
Household Audit	Physical verification of water meters for data cleansing was concluded
Kleinsee Town take over	Acquisition of the water infrastructure and spares was successfully done
2 nd Round Pre-Paid Metering	Procurement of additional pre-paid meters were concluded
Bulk Water Meters	Three (3) Bulk Water meters were installed, as check meters, at the Vaal Central Water intake points

Table 62: Water Provisions Highlights

Picture 12: Routine Maintenance

3.3.3 Challenges: Water Provision

The table below specifies the challenges for the year:

Description	Actions to address
Limited Staff Capacity	Appoint essential and key staff

ANNUAL REPORT

Description	Actions to address
Tools of Trade and Training	- Replace or procurement of tools on a frequent basis that require calibration and testing - Procure personal protective equipment on a frequent basis to ensure OHS legislation is upheld for a safer working environment
Condition of Substations	Get substations up to standard to ensure limited downtime and accelerated repair of supply

Table 63: Water Provision Challenges

The following table specifies the different water service delivery levels per households for the financial years 2023/24 and 2024/25:

Access	2023/24 Number of households	2024/25 Number of households
Piped (tap) water inside dwelling	11 910	13 827
Piped (tap) water inside yard	0	0
Piped (tap) water on communal stand less than 200m from dwelling (at RDP level)	0	0
Piped (tap) water on communal stand more than 200m from dwelling (below RDP level)	0	0
No access to piped (tap) water	39	31

Table 64: Source: Nama Kho Municipality Approved IDP 2022/23-2027/28 Water Service Delivery Levels

Komaggas Boreholes	168 315.00	0	168 315.00
Water services - electrical motors/pumps	672 000.00	0	672 000.00
Komaggas Reservoir	498 990.00	0	498 990.00
Total	7 450 305.00	10 760 33.70	(3 310 028.70)

Table 65: Capital Expenditure 2024/25: Water Provision

3.4 Sanitation Reticulation

Picture 14: Okiep Rocky Ridge project

3.4.1 Introduction to Water and Waste Water (Sanitation) Reticulation

The Nama Khoi Municipality has been able to provide the deemed necessary services to its residents. These services have increased on a yearly basis due to population growth, housing projects and new developments. The Municipality's sanitation strategy is based on the vision of national government, which is, "Improved health, dignity and quality of life for all South Africans, through improvements in sanitation and hygiene.

It is in the Municipality's interest to improve the livelihoods of all its communities to have basic sanitation facilities, which are highly hygienic and healthy. The focal areas for the Municipality in eradicating the sanitation backlogs includes application for funding in order to achieve sanitation backlog targets, use of local capacity in implementing projects and building of water

ANNUAL REPORT

borne toilet systems. The geographic conditions of each area that need to be serviced, population density and its challenges to the water demand that is on the increase and the current situation due to climate change and drought repercussions has to be taken into consideration.

The undulating topography, combined with low-lying areas along the coast, present numerous obstacles to the sewerage drainage system. A number of transfer and lift pump stations are necessary, with an extensive bulk sewerage transfer system to convey sewerage to the Waste Water Treatment Works (WWTW).

Adding on the above mentioned challenges the Sanitation Division struggle with vehicles for attending to complaints. There are also noticeable breakdowns of sanitation trucks which cause a back log in the extraction of household/ domestic sewage sumps/ drains which in turn requires overtime to service all households.

The 2023/24 year also presented the technical staff both electrical and mechanical with various issues and challenges pertaining to electrical and mechanical failures at pump stations. Temporary solutions were put in place until permanent solutions was implemented.

Although Nama Khoi Municipality Water Services has some highly competent and extensively experienced staff, the Municipality also struggles to source adequately trained and experienced technical staff to operate and maintain plant and machinery. Budgetary provision for recruitment of qualified staff and their ongoing training is provided but limited. The large low-income and indigent population stresses available capital and operational funding, and the Municipality depends on grants from higher levels of government to supply services to this portion of the community.

The status of formal sanitation during 2024/25 can be summarised as follows:

Town/Area	Flush toilet sewerage	Flush toilet (septic tank)	Chemical toilet	Pit latrine (ventilation) UDS TOILETS	Pit latrine (no ventilation)	Bucket	None
2023/24	10 463	3 057	0	1 879	0	13	0
2024/25	9 472	4355	0	1879	0	13	0

Table 66: Formal sanitation statistics

3.4.2 Highlights: Waste Water (Sanitation) Reticulation

The table below specifies the highlights for the year:

Highlights	Description
Okiep Rocky Ridge Reticulations	The project consisting of 219 stands were completed
Okiep Vaalhoek Sewer Reticulation	The implementation of project for reticulation of 349 stands was completed
Nababeep Waste Water Treatment Works	The refurbishment of plant with grant funding and private sector funding was concluded
Business plan for Concordia	Submission to DWS for the reticulation to 1 700 stands was done
Water and Sanitation Master Plan	Successful completion and issuing of document to the Municipality was finalised

Table 67: Waste Water (Sanitation) Reticulation Highlights

Picture 15: Routine Maintenance works

ANNUAL REPORT

3.4.3 Challenges: Waste Water (Sanitation) Reticulation

The table below specifies the challenges for the year:

Description	Action to address
Frequent break down of Sanitation Honey Suckers	- The revenue programmes is in place to improve cash flow and financial health in order to maintain and repair aging fleet - Implementation of sewer and sanitation projects in order to lessen the burden on fleet are also underway
Service vehicles - only one maintenance vehicle in service	The allocation of more fleet to sanitation services is required by implementing the above stated measures
Tools of trade and PPE	- Improve planning and procurement plan - Ensure proper provision in Municipal budget is availed for the purchase of PPE
OHS Act Requirements, routine vaccinations	
OHS Act Requirements, cleansing of sanitation workers	The Municipality should avail additional funding for the construct showers for cleansing of workers after performing high risk works

Table 68: Waste Water (Sanitation) Reticulation Challenges

3.4.4 Sanitation service delivery levels

Below is a table that specifies the different sanitation service delivery levels per household for the financial years 2023/24 and 2024/25:

Below is a table that specifies the distribution of households by type of toilet facility:

Facility	2023/24	2024/25
	Number of households	
Flush	6 775	13 827
Ventilation Improved Pit (VIP)	1 879	1 879
Pit latrines	0	0
Bucket toilets	13	13
None	0	0

ANNUAL REPORT

3.5 Electricity

Picture 17: Electricity transformer installation

3.5.1 Introduction to Electricity

Section 153 of the Constitution places the responsibility on municipalities to ensure the provision of services to communities in a sustainable manner for economic and social support.

The objective is to make electricity available to all households identified within a year after the requirement has been identified. The top three service delivery priorities are to complete planning on time, including additional capacity into the municipal grid to ensure that funding is in place for all bulk infrastructure and electricity connections, and to perform in terms of the standards set during the construction stages.

The above mentioned task has proven difficult as the Municipality does not have control over the rate at which housing structures are being completed. The grant dependency of the Municipality advance the challenges in procuring the necessary machines, equipment and material to complete network extensions to which consumers may connect.

The electricity division has endeavoured to improve its performance, to integrate all functions within the relevant parties involved in the projects of housing and human settlements, and to have approved Master Plans in place for the roll-out of the projects. Since Eskom is supplying at various intake points, this sometimes requires that the electricity division together with Eskom must work together to ensure that the projects are implemented within the project timeframes to ensure adequate capacity remains available within the town.

This implies also then that there must be good working relations with Eskom.

The table below indicates the different service delivery level standards for electricity within the urban edge area of the Municipality:

Electricity service delivery levels		
Description	2023/24	2024/25
	Number of households	
<i>Energy (above minimum level)</i>		
Electricity (minimum service level)	440	1 287
Electricity - prepaid (min service level)	7056	6 702

ANNUAL REPORT

Electricity service delivery levels

3.5.4 Capital: Electricity

The following table indicates the capital expenditure for this division:

Capital Projects/	2024/25		
	Adjustment Budget	Actual Expenditure	Variance from Adjustment Budget
Electricity General Glear	0	49 002 751.99	- 49 002 751.99
Total	0	49 002 751.99	(49 002 751.99)

Table 74: Capital Expenditure 2024/25: Electricity Services

3.6 Waste Management (Refuse Collections, Waste Disposal and Street Cleaning)

Picture 20: Kleinzee Landfill site

3.6.1 Introduction to Waste Management

Nama Khoi Municipality has 5 (five) landfill sites located in Nababeep, Steinkopf, Concordia, Bergsig and Komaggas. Bergsig is currently used as the main landfill site for household and business refuse. Waste from surrounding towns like Springbok, Matjieskloof, Okiep, Fonteintjie, Carolusberg, Vaalwater/Bergsig for disposal. The Municipality utilizes its own equipment to cover of material and for maintenance. The landfill sites still have no fencing as when the Department Environmental Affairs was busy with the project the material was stolen.

Officials of the Municipality attends the District Environmental Management Forum which convene bi- monthly.

Integrated Waste Management plan status Quo:

- The status Quo :100% completed
- Public Participation was done during the Budget and IDP process
- Approval was provided during the Budget and IDP process

Current projects being implemented:

ANNUAL REPORT

- Flooding and Mopping project in collaboration with the Namakwa District and Department of Forestry, Fisheries and Environmental
- Grant funding for capital projects
- Unfunded budget

3.6.2 Highlights: Waste Management

The table below specifies the highlights for the year:

Highlights	Description
Cleaning of CBD	The municipality continues to use month to month contractors to clean the area
Cleaning of Illegal dumping	Small contractors continue to clean the illegal dumping in the area on a regular and continues basis
Refuse Removal Collection	Regular refuse collections and removals were completed at households and businesses throughout the Nama Khoi Municipal area to ensure a clean living environment for all
Community fights illegal dumping	The illegal squatter dumping has minimized through the area as community members are reporting illegal dumping on a regular basis in order to ensure their wellbeing

Table 75: Waste Management Highlights

3.6.3 Challenges: Waste Management

The table below specifies the challenges for the year:

Description	Actions to address
Access control at landfill site	The Municipality is currently investigating additional budget and options to ensure that the landfill site has proper access control
Staff capacity	There is a shortage of staff within this section and the Municipality is currently investigating the avail of additional budget in order to ensure that positions are filled
Old/Lack of machinery/ equipment	The Municipality requires additional funding for the purchase/ replacement of adequate machinery/equipment. Alternative funding possibilities is also being investigated in order to address these matters

Table 76: Waste Management Challenges

3.6.4 Waste Management Services Delivery Levels

The table below indicates the different refuse removal service delivery level standards within the Municipality:

Description	2023/24	2024/25
	Number of households	Number of households
Removed weekly	11 538	11 988
Removed less frequently than once a week	346	39
Using communal refuse dump	52	1 430
Using own refuse dump	1 410	527
No rubbish disposal	0	0

Total	0	3 260 546.00	(3 260 546.00)

Table 78: Capital Expenditure 2024/25: Waste Management Services

3.7 Housing

3.7.1 Introduction to Housing

The 2023/24 financial year has given the Municipality the opportunity to once again improve the lives of residents within the Nama Khoi jurisdiction. One of the great motivations is to make a significant and tangible difference in the lives of deserving beneficiaries. The Council decides that certain important action plans are essential if we are to offer housing as well as the surveying of plots to our communities.

Four action plans have been determined:

- Substantial acceleration of provision of housing;
- Extensive application of innovative solutions;
- An integrated approach to human settlements; and
- Sweeping empowerment and job creation.

These important action plans were determined after extensive negotiations with various stakeholders which included discussions with municipalities during which the most important issues and challenges of the human settlement environment were discussed.

The following towns did receive awards;

- Steinkopf 1500 registered surveyed plots

ANNUAL REPORT

Picture 21: Steinkopf plots/ surveyed image Esri South Africa

- Nababeep 250 registered surveyed plots

Picture 22: Nababeep plots/surveyed Esri South Africa

- Bergsig 500 registered surveyed plots

Total	4 562	4 619

Table 81: National Housing Needs Register Stats

3.8 Free Basic Services and Indigent Support

3.8.1 Introduction

A debtor is considered indigent if the gross household income is equal to or less than R5 060.00 per month. All indigent households are receiving 6Kℓ water and 50KwH electricity free each month. Furthermore, an indigent debtor also receives a subsidy on refuse removal and sewerage, depending on the household income.

3.8.2 Service Delivery Levels

The table, furthermore, indicates the total number of indigent households and other households that received free basic services in the past two financial years:

Financial year	Number of households			
	Households earning less than R 5 060 per month			
	Free Basic Electricity	Free Basic Water	Free Basic Sanitation	Free Basic Refuse Removal
	No. Access	No. Access	No. Access	No. Access
2022/23	5 538	5 538	5 538	5 538
2023/24	5 507	5 507	5 507	5 507
2024/25	4 970	4 970	4 970	4 970

Table 82: Free Basic Services to Indigent Households

COMPONENT B: ROAD TRANSPORT PROVISIONS

3.9 Roads

3.9.1 Introduction: Roads

The objective of maintenance of a municipal road network is the provision of a safe, comfortable to use roads and where maintenance is performed, before defects become hazardous. This is the “apparent” service delivery that the road user (driver or passenger) can physically see and, perhaps more importantly (from their perspective), feel.

This is economic service delivery.

The roads are evaluated and managed with the pavement management systems which presents a network level proposal for maintaining the roads in the area through an assessment of the network based on methodical visual ratings of each pavement section. It is essentially a network level tool.

Different road sections require different types of maintenance varying from routine and normal to heavy rehabilitation. Possible project types range from routine maintenance (e.g. patching), to normal maintenance (resurfacing) through to heavy rehabilitation (e.g. thick overlays and reconstruction).

ANNUAL REPORT

With the limited funds available it is important that these funds be spent at the right place at the right time to ensure optimum use of funds. The use of a Pavement Management Systems is accepted as essential for determining the maintenance and upgrading needs/programs for pavements in a network of roads.

a) Upgrading network

The upgrade needs are viewed from a functional point of view, but consideration is also given for the upgrade of the dirt roads to gravel standard depending on the availability of budget.

3.9.2 Highlights: Roads

The table below specifies the highlights for the year:

Highlights	Description
Slurry/ Top Tar Layer - Springbok CBD	Slurry and tar of Voortrekker Street in Springbok CBD as well as strategic side streets and roads were completed
Paving of intersection at Dr Izak van Niekerk Road	The removal of tar surface, preparation of bottom layer and laying of pavers at the intersection were completed
Tender for a three year period appointment in Roads Construction and Maintenance	Outsourcing and Procurement of the services for Roads Maintenance and Construction for the Nama Khoi area was awarded

Table 83: Highlights: Roads

3.9.3 Challenges: Roads

The table below specify the challenges for the year:

Description	Actions to address
Machinery to Resurface Roads	Outsourcing of required machinery and periodic purchases of essential Machinery should be conducted

ANNUAL REPORT

Description	Actions to address
Suitable building material for the resurfacing of gravel roads	Liaise and interact with local mining companies in operation and where mines are dormant for soil material and other road building materials should be investigated and discussed for implementation
Frequent and excessive pothole repairs	Plan for most critical sections to be repaired and include in EPWP projects
Manpower and related resources	Procure through supply chain processes/ EPWP projects

Table 84: Roads Challenges

3.9.4 Roads Service Delivery Levels and Statistics

The table below reflects the different service delivery level standards for roads within the municipal area:

Gravel Road Infrastructure: Kilometres		
Year	New gravel roads constructed	Gravel roads upgraded to asphalt (surface roads)
2023/24	0	0m
2024/25	0	0m

Table 85: Gravel Road Infrastructure

Total	3 666 000.00	73 401 138.68	(69 735 138.68)

Table 86: Capital Expenditure 2024/25: Roads Services

3.10 Stormwater

3.10.1 Stormwater

The major stormwater system of the Municipality's service area consists of all-natural waterways, including springs, streams, rivers, wetlands and dams. It includes detention and retention dams and other devices constructed to control stormwater. Roadways and their associated drainage structures are part of the major storm water system if they result in a significant deflection of stormwater from its natural overland flow path.

The minor stormwater system consists of any measures provided to accommodate stormwater run-off within sites and road reserves and convey the run-off to the major stormwater system. These measures include gutters, conduits, beams, channels, road verges, small watercourses and infiltration constructions.

Stormwater run-off should not be concentrated to an extent that would result in any damage to the environment during storms with a probability frequency of more than 1 in 10 years and would result in only minor, repairable damage in storms with a probability frequency more than 1 in 50 years. All elements of the built and natural environment must be able to withstand a 1 in 100-year storm event without significant consequential loss and risk to property and life. Note that a "storm frequency" equates to a "probability of occurrence" of a storm event that should be used to assess the annual budget or insurance provision for remedial works, should the event occur.

In all catchments, the watercourses and built stormwater infrastructure must be maintained in a clean state, free of any rubbish, debris and matter likely to pose any pollution threat to the lower reaches of the watercourses.

The main purpose of the stormwater management function in the Municipality is to mitigate the damage to and increase the lifespan of the road infrastructure.

Much of the work carried out by the department relates to the following activities:

Unblocking of stormwater drainage system

Replacement of missing manhole covers

Maintaining the entire infrastructure (stormwater)

Cleaning and rehabilitation of the stormwater system and culverts

Replacing broken pipes, catch pit inlets, manhole slabs and covers

Installing new stormwater systems, construction of open channels and sub-soil drains

ANNUAL REPORT

Picture 27: Routine stormwater maintenance and cleaning

3.10.2 Highlights: Stormwater

The table below specify the challenge for the year:

Description	Achievement
Expanded Public Works Programme (EPWP)	Improvement of full-time equivalents during the financial year was captured
	Improved allocation for the next financial year
Stubborn and extraordinary blockages	- Cleaning and removal of stormwater debris - Successful cleaning of Okiep low water bridge

Table 87: Highlights: Stormwater

3.10.3 Challenges: Stormwater

The table below specify the challenge for the year:

Description	Actions to address
Machinery and Tools of trades	- Revenue programmes to promote and increase revenue from electricity sales in order to fund procurement of necessary maintenance - Partner with Private Sector owners in mining and earth works to negotiate material for necessary works
Material to implement new stormwater infrastructure	
Overwhelming scope of requirements in all towns	Plan and prioritize holistically and implement accordingly
Excessive stormwater damage after heavy rains on gravel roads	A maintenance plan should be developed to ensure projects are prioritised and holistically implemented

Table 88: Stormwater Challenges

3.6.4 Capital: Roads

The following table indicates the capital expenditure for this division:

ANNUAL REPORT

Capital Projects/	2024/25		
	Adjustment Budget	Actual Expenditure	Variance from Adjustment Budget
Construct new drift at Buffelsrivier	3 666 000.00	0	3 666 000.00
Demolish and reconstruct culvert bridge at Kleinzee	11 000 000.00	113 732.79	10 886 267
Total	14 666 000.00	113 732.79	14 552 267.21

Table 1: Capital Expenditure 2024/25: Roads Services

COMPONENT C: PLANNING AND LOCAL ECONOMIC DEVELOPMENT

3.11 Planning

3.11.1 Introduction to Planning

The implementation of the Spatial Planning Land Use Management Act (SPLUMA), 16 of 2013), and the Nama Khoi Municipal Land Use Planning By-law have all been implemented for some time now and dealing with land use management matters in accordance thereto has been successful.

3.11.2 Highlights: Planning

The table below specifies the highlights for the year:

Highlights	Description
The municipality has appointed a Director of Corporate Services that oversees the Town Planning unit	The leadership position was critical to be filled, with this position now filled it has strengthened compliance, accountability and transparency in the department. Furthermore, it ensures alignment between the municipality's operational activities and strategic goals. And, facilitates collaboration and communication among departments to improve service integration
Maintained consistent achievement of in-house and daily performance targets	Town Planning staff have an effective collaboration through continuous improvement. The division's customer-centric approach has been key - by understanding the needs and preferences of our clients, we tailor solutions accordingly, leading to a higher rate of customer satisfaction.
Consistently attended and contributed to Municipal Tribunal meetings held every quarter	A Municipal Planning Tribunal (MPT) is an administrative body established under South African planning legislation, specifically to evaluate and decide on land development applications. The Nama Khoi Local Municipality belongs to the joint Namakwa District Municipal Planning Tribunal. Regular meetings reduce delays in processing land use and development applications. Applicants get timely feedback, which improves project planning and execution

Table 2: Planning Highlights

3.11.3 Challenges: Planning

The table below specifies the challenges for the year:

Description	Actions to address
Shortage of staff / vacant positions in Town Planning division	A shortage of staff in the Town Planning division led to backlogs that reduce trust in the municipality.

ANNUAL REPORT

Description	Actions to address
	Community expectations are unmet, leading to public dissatisfaction
Coordination with other agencies and stakeholders	The Nama Khoi Town planning division must collaborate with various government agencies, private developers, and community groups, navigating diverse interests and priorities and heavily rely on these broader categories for information and continuation of tasks, this often prolongs duties
Data management and technology adoption	Can be improved by utilizing data-driven strategies and implementing new technology, yet doing so also necessitates considerable financial outlays and skills upgrades
Limited Resources and Funding	Municipalities often face budgetary constraints and limited resources for town planning initiatives. A solution can be to identify alternative funding sources, seek grants, and prioritize projects to ensure effective allocation of resources

Table 3: Planning Challenges

3.11.4 Planning Service Delivery Levels

The table below reflects the different service delivery level standards for planning within the municipal area:

Applications for Land Use Development		
Detail	Built Environment	
	2022/23	2023/24
Planning application received	16	5 (excluding Tuckshop applications)
Determination made in year of receipt	16	5
Applications outstanding at year end	None	none

Table 4: Applications for Land Use Development

Type of service	2022/23	2023/24
	Building control	
Building plan applications processed	81	51

Table 5: Additional Performance Town Planning and Building Control

3.12 Local Economic Development (including Tourism and Market Places)

3.12.1 Introduction to Local Economic Development (LED)

The LED and Tourism Unit is tasked with the obligation of growing the Nama Khoi economy by enabling small, medium and micro-sized enterprises (SMME), creating an environment wherein business can optimally operate and to ensure that sustained increases in growth is obtained. Tourism is key to the success of the Nama Khoi economy and is seen as a primary source for revenue enhancement and creating job opportunities. Other critical key success areas are agriculture, the mining economy, eco-education and environment /adventure driven sports.

3.12.2 Highlights: LED

The table below specifies the highlights for the year:

Highlights	Description
Innovation Champions for LED	This programme has been rolled out through Sol Plaatje University for institutional partnerships that drive innovation to stimulate local economic growth

ANNUAL REPORT

Highlights	Description
	The Municipality is a participating municipality with 1 intern for this programme Key Innovation Champion Roles / Description - Academic Innovation Hubs - SPU supports interdisciplinary research into rural development, governance, and economic inclusion, which helps municipalities like Nama Khoi develop LED strategies grounded in evidence - The Centre for Teaching, Learning and Programme Development encourages problem-solving through applied research, particularly in marginalised areas - Community Engagement and Partnerships - SPU collaborates with local municipalities through knowledge exchange, planning support, and training LED officials - Workshops on smart local economies, green innovation, and informal sector formalisation are regularly offered - ICT and Digital Innovation - Innovation champions at SPU promote the use of data, GIS mapping, and digital tools for better service delivery and LED monitoring - Focus on digital inclusion helps bring rural entrepreneurs into modern markets

Table 6: Highlights: LED

3.12.3 Challenges: LED

The following challenge with regard to the implementation of the LED Strategy is:

Description	Actions to address
Budget constraints	The Municipality is committed to continue with actively seeking external funding and donors
Remote communities	Mobile empowerments training teams will be established
Limited market access for SMME's	The development of a local market calendar that indicates specific days and subsequently creating a market network
Project sustainability	A emphasis will be placed on capacity building and community ownership

Table 7: Challenges LED

The LED unit of Nama Khoi Municipality remains committed to creating economic opportunities that are inclusive, sustainable and community driven. Through strong partnership, strategic leadership, and grassroots involvement, we are building a resilient local economy that restore work, dignity and hope.

ANNUAL REPORT

3.12.4 Special Programmes

The aim of the social programmes is to:

- Address problems and poverty identified in the community
- Commemorate special public days
- Enhance good communication

Picture 28: Mayor special programmes

Picture 29: The Speaker Special programmes

ANNUAL REPORT

Picture 30: The Mayor – Special programmes : Inclusivity of people with disabilities

Picture 31: The Mayor – Special programmes: Fight against GBV

The highlights and challenges can be summarised as follow:

In the realm of modern governance, effective communication lies at the heart of successful change management. The Municipality's Supply Chain Management (SCM) plays a pivotal role in facilitating this process, particularly concerning procurement practices within the Office of the Mayor and the broader procurement landscape.

A cornerstone of effective change management is a clear and unified message. The Municipality's SCM should ensure that communication about changes in procurement practices is consistent and comprehensible to all stakeholders. This involves creating a concise narrative that highlights the rationale, benefits, and anticipated outcomes of the proposed changes. Clarity minimizes confusion and resistance, allowing stakeholders to align their expectations with the intended transformation.

Not all processes are completed timely and at times we were struggling with the specific supply of items. We do complete specifications on the Requisition Request Form as well as attach proper documentation for items needed.

Communication in a timely fashion, especially if procurement is needed for a special programme, would be highly appreciated.

ANNUAL REPORT

3.13 Tourism

3.13.1 Introduction to Tourism

The tourism department of the Nama Khoi Municipality aims to contribute to the local growth of the area as well as showcasing the beautiful splendour of the natural habitat and the towns that capture's the Nama heritage of its people.

3.13.2 Highlights: Tourism

The table below specifies the highlights for the year:

Highlights	Description
Springbok Museum Revitalisation	The revitalisation of the museum is being completed in a phased approach. - Phase 1 - Restoration of external structures, security fencing, signage and Wi-Fi connectivity The funding is being provided by Nama Khoi Municipality, Jowell Foundation, iReflect allocation and support from private individuals committed and the impact it will have is that CWP's and artisans will be employed, which will increase visitor engagement - Phase 2 – Exhibition upgrades and digital tourism kiosk
Community-based Tourism Initiatives successfully implemented	The following initiatives were successfully supported and assistance provided: - Carolusberg Rock Art Tours - Buffelsrivier Traditional Cuisine Experience - Komaggas and Nababeep heritage sites The type of assistance ranged from: - Branding - Business registration - Training in hospitality - Tour guiding

Table 8: Tourism Highlight

3.13.3 Challenges: Tourism

The table below specifies the challenges for the year:

Description	Actions to address
Budget constraints	The Municipality is currently focussed on forging partnerships and creating a phased implementation on programmes, projects, etc.
Road access	Due to poor road access to remote attractions the Municipality has engaged with provincial transport departments in order to address these matters
Skills development	The Municipality has partnered with TVET colleges for training in order to upscale the tourism sector
Seasonality of tourism	Due to the fact that the flower seasons are considered the peak for tourist, the Municipality is developing a year-round cultural experience calendar with different activities and attractions

Table 9: Challenges Tourism

ANNUAL REPORT

COMPONENT D: COMMUNITY AND SOCIAL SERVICES

3.14 Libraries

3.14.1 Introduction to Libraries

The public library provides free services and resources with a variety of materials to meet the needs of individuals and groups in its community with informational, educational, cultural, technological and personal development, as well as recreation as its objectives. As such, libraries are important in the development and empowerment of communities and should be available to everyone as set out in the *IFLA/UNESCO Public Library Manifesto, 1994*.

Norms and standards are essential to ensure the provision and consistent development of public library services to give effect to the draft *South African Public Library and Information Services Bill* of 2013 and the *Library and Information Services Transformation Charter* of 2014.

3.14.2 Highlights: Libraries

The table below specifies the highlights for the year:

Highlights	Description
Receive new ink cartridges for printer	Libraries are delighted to have new ink in printers so that learners can come to do school projects again
Multiple book donations	Patrons and people who have a love for reading have been donating books to the library regularly, a rough estimate of about ±200 books have been donated thus far
Library Ceiling	The broken ceiling at the Library building has been replaced
Awareness Campaigns	Community Awareness campaigns were held during the course of the 2024/25 financial year in order to promote reading and the importance thereof

Table 10: Libraries Highlights

3.14.3 Challenges: Libraries

The table below specifies the challenges for the year:

Description	Action to address
Staff shortage at seven libraries	Recruitment of additional staff is required to ensure effective service when libraries are busy. This will also aid the service delivery to be uninterrupted when staff potentially are on sick leave or annual leave
Insufficient number of computers	Availing additional funding to ensure the procurement of computers for public use at libraries
Outdated reading material /books	A request for new books will be submitted to the Department Sport, Art and Culture
Storage and shelving	Additional shelves are required to ensure optimal and organised storage of books within the libraries
Leaking roof /ceiling – during the winter, when it rains, the roof/ ceiling is leaking rain water damages the books and the lights. This poses a major risk in the electrical system of the library	Request for maintenance has been submitted for the 2025/26 financial year
General maintenance	The ablution facilities are faulty and damaged, this poses a health risk to the community and should subsequently be repaired and in some cases replaced. Request for maintenance assistance has been submitted

ANNUAL REPORT

Description	Action to address
	- A request for assistance has been issued to the Technical Department in terms of the faulty lighting and air conditioner - General maintenance of old and broken blinds, paint, broken windows, etc. has been communicated
Vacuum Cleaner - Vacuum cleaner not in a working condition	Procure for vacuum cleaner
Staffing and Training	Providing ongoing training and professional development Managing workload and burnout
Community Engagement	- The Municipality is currently in the processes of building partnerships with local organizations to assist the libraries - The Municipality is also promoting library services and resources via awareness campaigns being done by the libraries, however additional funding is required
Water - No water tanks when in water crisis	The Municipality will investigate the possibility of additional funding for the procure water tanks for future use
Increase of funding for the purchase of electricity	This has been included as part of Business plan submission
There is no landline to call and follow up on overdue books	Request for landlines in all libraries have been submitted

Table 11: Libraries Challenges

3.14.4 Service Statistics for Libraries

The table below specifies the service delivery levels for the year:

Type of service	2022/23	2023/24
Number of libraries	9	9
Library members	8 211	8 770
Books circulated	14 587	20 110
Exhibitions held	75	11
Internet access points	62	27
Children's programmes	On a weekly basis	On a weekly basis
Visits by school groups	2	13
Book group meetings for adults	None	2 adults and 2 children groups
Primary and secondary book education sessions	None	2

Table 12: Service Statistics for Libraries

3.15 Cemeteries

3.15.1 Introduction to: Cemeteries

The service provides burial space for the residents of the Nama Khoi Municipal area. The Municipality currently have 8 cemeteries throughout the Municipal area.

3.15.2 Highlights: Cemeteries

The table below specifies the highlights for the year:

ANNUAL REPORT

Highlight	Actions to address
Repairs and maintenance	Repairs and maintenance were done successfully on fences if and when required
Cleaning of cemeteries	The Springbok and Bergsig cemeteries were successfully cleaned and maintained due to specific projects in conjunction with stakeholders
Availability of graves	The Municipality has adequate grave sites available at the cemeteries

Table 13: Cemeteries Highlights

3.15.3 Challenges: Cemeteries

The table below specifies the challenges for the year:

Description	Actions to address
Fencing of cemeteries	Provision should be made for budget to ensure adequate fencing
Vandalism and theft	The Municipality will investigate different possibilities to safeguard the cemeteries
Budget for EIA – new or extension of current cemeteries	The Municipality will investigate and submit funding applications for either the development or extension of cemeteries

Table 14: Cemeteries Challenges

3.15.4 Service Statistics for Cemeteries

The table below specifies the service delivery level for the year:

Type of service	2023/24	2024/25
Pauper burials	0	0

Table 15: Service Statistics for Cemeteries

COMPONENT E: SECURITY AND SAFETY

3.16 Traffic Services (Law Enforcement)

3.16.1 Introduction to Traffic Services

The Traffic Department strive to provide a safe and secure environment for all road users within the municipal area.

Nama Khoi Municipality has an operational traffic department comprising of driver licensing, traffic law enforcement, vehicle testing and motor vehicle registration. Renewal of licenses was shifted to the Post Office.

The main priorities are:

The testing of applicants for driver's licenses, learner's licenses and the application and renewal of professional driving licenses.

- The registration of motor vehicles
- The promotion of road safety and law enforcement
- Operating of the vehicle testing centre

We endeavour to educate and create a culture of compliance and willingness to obey to traffic law, rules and regulations and operate on the legal mandate of NRTA 93/96 and NLTA 5/2009. Operational activities *inter alia* include roadblocks, high visibility, random vehicle checkpoints, execution of traffic related warrants and traffic laws and policing of municipal by-laws.

Traffic also partnered with other law enforcement agencies, like the SAPS, LBRCT and Provincial Traffic Services to minimize road deaths and other crime related problems, especially as the N7 runs directly through the Nama Khoi Municipal area.

The Law Enforcement Section is responsible for law enforcement, and monitoring and, crime prevention duties or where Municipal by-laws are infringed. Municipal law enforcement is mandated by Government Gazette 23868 of 26 September

ANNUAL REPORT

2002, to address shortfalls and hardships experienced by municipalities in South Africa relating to by-law empowerment, Business Act 1991 (Act 71 of 1991), Occupational Health and Safety and land use planning.

3.16.2 Highlights: Traffic Services

The table below specifies the highlights for the year:

Highlights	Description
Service Delivery improved	Regardless of more insufficient man power than the previous year service delivery improved on certain levels
Equipment/tools of trade	Upgraded machinery has been installed to enhance service delivery

Table 16: Traffic Services Highlights

3.16.3 Challenges: Traffic Services

The table below specifies the challenges for the year:

Description	Actions to address
Vacancies	The following vacancies are currently within the department: 1 x Examiner of Drivers Licenses – vacancy has been advertised however position has not yet been filled 1 x Motor Registration clerk – request for an intern is currently in progress 1 x Supervisor of Motor Registrations – vacancy has not yet been filled and is currently still in the process - Head Protection Services – this position is currently still vacant but should be filled within the 2025/26 financial year

Table 17: Traffic Services Challenge

3.16.4 Additional Performance Service statistics for Traffic Services

The table below specifies the service delivery levels for the year:

Details	2023/24	2024/25
	Actual no.	Actual no.
Number of road traffic accidents reported to the traffic department and attended	0	6
Number of traffic officers in the field on an average day	5	3
Number of traffic officers on duty on an average day	5	3
Number of driver's licenses issued	112	96
Number of learner's licenses processed and issued	291	279
Number of motor vehicle license transactions	2663	2870
Number of fines issued for traffic offences	1 154	1 268
Estimated R-value of traffic	R 1676 569.30	R 1 518 906.50
R-value of fines collected	R 730 712.88	R 688 800.00
Number of roadblocks held	37	39
Number of VCP's (vehicle control points)	17	59
Number of SAPS initiated operations	98	239

Roadworthy testing conducted	1 326	1 098
Special escorts	30	24
Awareness initiatives on public safety	2	2

Table 18: Additional Performance Service Statistics for Traffic Services

3.17 Fire Services and Disaster Management

The municipality's Fire Services and Disaster Management Unit plays a critical role in safeguarding lives, property, and the environment. Operating in line with the Disaster Management Act (Act No. 57 of 2002) and the Fire Brigade Services Act (Act No. 99 of 1987), the unit is responsible to proactively prevent, mitigate, respond and recover from effects of all disasters.

In partnership with other municipal departments, the district municipality, provincial agencies, and community structures, the unit works to identify potential hazards, implement preparedness measures, and respond swiftly to incidents such as fires, floods, storms, and other emergencies. Through public awareness campaigns, safety inspections, and training programmes, the municipality strives to build resilient communities that are informed, equipped, and ready to act in times of crisis.

Disaster Management Activities:

a) Disaster Incidents and Relief:

- The municipality experience during this financial year thunder- and severe windstorms that damage infrastructure, low water bridges overflow and disruption services (electrical and water).
- In other cases, households with leaking roofs and roofs blown off because of severe windstorm were provided with canvases/plastic cover to cover the roof during these severe storms.

b) Early Warning/Awareness program:

- In partnership with SA Weather Service (local office) and our local radio station, Radio NFM gives out notices of severe storms/cold fronts and are communicated to communities to make provision for livestock and to be careful with open flames.

c) Events:

The following events was registered and coordinated by South African Police Service and Disaster Management Division:

- Municipal bi-elections in two wards

1.18.1 Fire Services Statistics

The following table indicates the services rendered by this unit during the 2024/25 financial year:

Category of services	2024/25
Houses and other buildings	11
Field fires	26
Other (trees, rubbish, etc.)	7
Vehicles	2
Hazmat	0
Transformers/ Electrical Poles	3
Total fires attended	49

ANNUAL REPORT

Table 19: Fire services data

1.18.1 Fire Safety Inspections

The following table indicates the different types of inspections completed by this unit during the 2024/25 financial year:

Type		Total
Fire Safety Inspection	Businesses	13
Certificate of Registration Inspection (Hazardous Goods)	Businesses	17
Building Plan Inspections	Houses	32
	Businesses	5
	Apartments	1
	Entertainment Area's	0
	Guest Houses	1
	Diesel Tanks	1
	Carports	0
	Store Rooms	1
	Garages	1

Table 20: Fire Services Inspections

COMPONENT F: SPORT AND RECREATION

3.18 Sport and Recreation

Nama Khoi enjoys a strong heritage in rugby, netball, soccer and cricket. The Municipality currently has eight (8) sport facilities under its control. These facilities are available to all spots codes that affiliates to the Municipality.

3.18.1 Highlights: Sport and Recreation

The table below specifies the highlights for the year:

Highlights	Description
Seasonal preparations	Ensuring all local and regional competitions were held successfully raging from : - athletics, - soccer and - rugby which are the main active codes within the boundaries of the municipality
Maintenance and repairs	Continuous maintenance and repairs of all facilities including grass cutting and grading of gravel pitches were conducted
Appointment of temporary caretakers at vacant facilities	Appointment of a temporary caretaker at the Bergsig facility to facilitate supervision and other duties
Stakeholder participation	Upgrading of fencing at Bergsig Sport Facility by different codes operating at the facility

Table 21: Sport and Recreation Highlights

ANNUAL REPORT

3.18.2 Challenges: Sport and Recreation

The table below specifies the challenges for the year:

Description	Actions to address
Vandalism/Theft	- The Municipality will apply the available budget to repairs - Continues reporting of incidents to law enforcement departments - Safeguard the buildings with burglar bars - Community awareness
Budget constraints	- The Municipality will investigate the possibility of availing additional funding for the general maintenance and upkeep of the community facilities - The budget for repairing of fencing will also be revisited during the 2025/26 financial year
Personnel shortage	The Municipality is currently in the process of advertising and filling vacant positions to address the needs

Table 22: Sport and Recreation Challenges

Table 1: Capital Expenditure 2024/25: Facilities Services

COMPONENT G: CORPORATE POLICY OFFICES AND OTHER SERVICES

3.19 Financial Services

The Financial Services Department plays a critical role in the municipal planning process and support to various departments in the Municipality. The department is led by the Chief Financial Officer and it has four departments. The department has 78 staff members and 3 interns.

3.19.1 Highlights: Financial Services

The table below specifies the highlights for the year:

ANNUAL REPORT

Highlights	Description
ESKOM Debt Relief Programme	Successfully implemented the Eskom Debt Relief and awaits second write-off from National Treasury and ESKOM; this will result in the municipality being one year away from being debt-free with ESKOM
Water Incentive Scheme	Managed to resolve the Vaal Central Water outstanding balance issues, with both parties agreeing to write off debt, and the municipality successfully entered into the Water Incentive Scheme

Table 2: Financial Services Highlights

3.19.2 Challenges: Financial Services

The table below specifies the challenges for the year:

Description	Actions to address
System-related issues pertaining to the alignment of the billing system and the Financial System	Joint session will be called, where the two service providers with to address the unresolved issues. Role clarification and contract requirements will be stipulated if needed National Treasury will be notified if matters remain unresolved
Contract Management and SCM reporting issues due to the suspension of SCM staff and limited SCM officials	The municipality has appointed the Budget and Treasury Manager that will assist the SCM unit especially in areas relating to Tenders, Contract Management and other reporting requirements

Table 3: Financial Services Challenges

3.20 Corporate Services

The Directorate Corporate Services is a pivotal part of the Nama Khoi Municipality. Support services is being provided to the different directorates and offices within the Municipality in accordance to relevant legislation, collective agreements and internal policies to enable the Municipality to deliver quality services to our communities.

3.21 Human Resources Management (HR)

The HRM function is a staff function aimed at providing the organization with labour and giving it specialized human resources services to help it achieve its goals.

The Human Resources Management Services branch provides the following functions:

- **HR Administration and Skills Development:** To provide effective and efficient human resources administration, organisational development, job profile procedures, coordinate training, skills development and employment equity
- **Labour Relations:** To render labour relations services and manage labour relations function to ensure compliance with relevant legislation, collective agreements and council policy

3.21.1 Highlights: Corporate Services

The table below specifies the highlights for the year:

Highlights	Description
Job opportunities	A record 33 posts were advertised between the period of March 2025 and July 2025, with more advertisements to come in the new financial year
Workplace Skills Plan	The WSP was approved successfully by LGSETA
Empowered management	3 Senior Managers were appointed

Table 6: Highlights: Corporate Services

3.21.2 Challenges: Corporate Services

The following challenge with regard to the implementation of the Corporate Services is:

Description	Actions to address
Staff shortage	80 positions are currently in the process of being filled
Individual Performance Management	The Municipality has developed a staff establishment to ensure the successful phased in implementation of IPMDS

Table 7: Challenges: Corporate Services

ANNUAL REPORT

3.22 Information and Communication Technology (ICT) Services

3.22.1 Introduction to ICT Services

To provide an advisory, strategic, developmental and management service to the Municipality in order to maintain, support and design the information systems, communication network and technology resources for the Municipality. Thus ensuring the compliance, availability, continuity and security of the Municipality's information and services. Align Council's IDP and vision with ICT Strategy through business analytics, strategic budgeting and developmental and programming, implementation of strategies related to the ICT systems of the organization.

3.22.2 Highlights: ICT Services

The table below specifies the highlights for the year:

Highlights	Description
New billing and vending system	An offline system (web based system) has been procured and implemented
Network Management	Reliable LAN/WAN connectivity and internet access(Control room) has been installed
Data Backup and Recovery	An additional server to do backups has been procured

Table 8: ICT Services Highlights

3.22.3 Challenges: ICT Services

The table below specifies the challenges for the year:

Description	Actions to address
Budget Constraints: Limited financial resources to invest in new technologies or upgrade existing ones.	Define Budget and Resources
Training Needed	- Conduct a Training Needs Assessment - Develop a Training Plan - Implement the Training Program - Reinforce Learning - Align Training with Career Development - Continuous Monitoring and Adjustment
New Server needed	Assess Requirements: Identify the purpose, capacity, and performance needs of the server Budget and Costing: Prepare a cost estimate and get quotes from suppliers Procure Equipment: Follow procurement processes to acquire the server Prepare Infrastructure: Ensure power, cooling, and network readiness Install and Configure: Set up the server, install software, and apply security settings Migrate Data/Services: Transfer data and test all systems Document & Maintain: Record configurations and set up regular maintenance and backups

Table 9: ICT Services Challenges

3.22.4 Capital: ICT Services

The following table indicates the capital expenditure for this division:

ANNUAL REPORT

Capital Projects/	2023/24		
	Budget	Actual Expenditure	Variance from Adjustment Budget
Computer Equipment	400 000.00	63 446.95	336 553.05
TOTAL	400 000.00	63 446.95	336 553.05

Table 10: Capital Expenditure 2024/25: Financial Services

3.23 Procurement Services

3.23.1 Supply Chain Management (SCM) Policy

The Nama Khoi Municipality Supply Chain Management Policy was adopted in adherence to the SCM Regulations and is in line with the model policy issued by National Treasury (NT).

The SCM Policy, as well as the Infrastructure Procurement and Delivery Management Policy, were reviewed during the 2024/25 financial. The Preferential Procurement Policy (PPP) has also been amended in terms of the Preferential Procurement Regulations of 2017. The PPP is the main driver of procurement in the organization in terms of Council's strategic goal to increase localized procurement to emerging enterprises.

The amended Nama Khoi Municipality SCM Policy for 2024/25 was approved on 24 May 2024. The SCM Policy focuses on the procurement of goods and services.

The Provincial Treasury regularly reviews the supply chain management policies of municipalities within the province in order to ensure compliance with all relevant amendments to legislation.

Delegation of SCM Powers and Duties

Council has delegated the SCM powers and duties to the Municipal Manager in order to ensure that the Municipal Manager adheres to Section 115 of the MFMA to:

- discharge the responsibilities conferred by the SCM Policy
- maximise the administrative and operational efficiency in the implementation of the policy
- enforce reasonable cost-effective measures to prevent fraud, corruption, favouritism and unfair and irregular practices

The Municipal Manager may in terms of Section 79 of the MFMA, sub-delegate certain of these powers and duties in writing. Sub-delegations have been conferred in writing to the members of bid committees and financial delegations were issued to all heads of departments for the procurement of goods and services for a value up to R200 000, subject to compliance with the requirements of the SCM Policy as recommended by the SCM Manager.

3.23.2 SCM Unit

In terms of Section 7 of the SCM Policy the Municipality must establish a Supply Chain Management Unit (SCMU) to implement its SCM Policy.

The SCM Unit must operate under the direct supervision of the Chief Financial Officer (CFO) and may be delegated to an official reporting to the CFO, in terms of Section 82 of the MFMA, viz, the Manager: SCM.

SCM officials are continuously developed through regular training opportunities, with specialized SCM training by the Provincial Treasury, Local Content Procurement and SCM Forum Meetings. The focus on training and development of officials will be improved and supplemented by the retention of skilled SCM officials and succession planning.

3.23.3 Demand Management

In terms of Section 10(1) of the SCM Regulations, the Accounting Officer must establish and implement an appropriate demand management system in order to ensure that the resources required by the Municipality to support its operational commitments and its strategic goals outlined in the IDP, are delivered at the right time, place and price.

The demand management system must –

ANNUAL REPORT

- include timely planning and management processes to ensure that all goods and services required by the municipality are quantified, budgeted for and timely and effectively delivered at the right locations and at the critical delivery dates, and are of the appropriate quality and quantity at a fair cost;
- take into account any benefits of economies of scale that may be derived in the case of acquisitions of a repetitive nature;
- provide for the compilation of the required specifications to ensure that its needs are met; and
- undertake appropriate industry analysis and research to ensure that innovations and technological benefits are maximized

Include the following demand management considerations –

- understanding of future and current needs
- requirements are linked to the budget
- specifications are determined
- needs form part of the strategic plan and Integrated Development Plan of the Municipality
- analysis of past and current expenditure
- optimum methods to satisfy needs
- frequency of requirements is specified
- calculation of economic order quantity
- conducting of industry and market analysis

These processes have been implemented with relative success over the past couple of financial years and resulted in a documented plan. However, the plan still lacks due to inadequate monitoring and reporting.

3.23.4 Acquisition Management

The Municipality's system of acquisition management must ensure:

- (i) That goods and services are procured in accordance with authorized processes only
- (ii) That expenditure on goods and services is incurred in terms of an approved budget in terms of Section 15 of the MFMA
- (iii) That the threshold values for different procurement processes are complied with
- (iv) That bid documentation, evaluation and adjudication criteria and general conditions of a contract are in accordance with any applicable legislation
- (v) That any Treasury guidelines on acquisition management are properly taken into account

Goods and service are procured in accordance with authorized processes and approved delegations. Expenditure that has been incurred was budgeted for in the approved budget of Council. The bid documentation that is utilized is in accordance with the guidelines issued by National and Provincial Treasury, the general conditions of contract and applicable legislation such as the Construction Industry Development Board Act (Act 38 of 2000). We are continuously improving the documents in order to improve access and ease of use.

3.23.5 Accredited Prospective Providers

In terms of Section 14 (1) the Accounting Officer must keep a list of accredited prospective providers of goods and services that must be used for the procurement requirements through written or verbal quotations and formal written price quotations.

The Municipality utilises the National Treasury Central Suppliers Database (CSD).

The Municipality must at least once a year through newspapers circulating locally, the website and any other appropriate ways, invite prospective providers of goods or services to apply for evaluation and listing as accredited prospective providers.

3.23.6 Written Price Quotations for R 500 up to R 30 000

The SCM Unit has progressively ensured that the procurement of formal quotations is centralized and procurement on formal quotations is in accordance with section 16 and 17 of the SCM Policy. SCM has shared National Treasury circular 68 on

ANNUAL REPORT

Unauthorized, Irregular, Fruitless and Wasteful Expenditure to ensure that user-departments takes note thereof and consequence management entailed when one incurs irregular expenditure.

3.23.7 Formal Written Price Quotations for R30 000 up to R300 000

The procurement of formal written price quotations has been in order to improve the turnaround time for procurement. Goods and services are procured by way of competitive quotations for procurement transactions.

3.23.8 Competitive Bidding for Contracts valued more than R300 000

The Bid Committees are appointed by the accounting officer in line with the SCM Regulation 26 of the MFMA. The Bid Committee structure for competitive bids comprises of the following :

- Bid specification committee (BSC)- Regulation 27 of the MFMA
- Bid evaluation committee (BEC)- Regulation 28 of the MFMA
- Bid adjudication committee and (BAC) - Regulation 29 of the MFMA

The competitive bidding process and bid committee structures are functioning effectively. Members of the bid committees are required to complete the attendance register and declare to undertake the following:

- That all information, documentation and decisions regarding any matter before the committee is confidential and undertakes not to make known anything in this regard;
- To treat all service providers and potential service providers equitably and will not purposefully favour or prejudice anybody; and
- To make known details of any private or business interest he or she or any close family member, partner or associate may have in any proposed procurement or disposal of, or in any award or contract that they will immediately withdraw from participating in any matter whatsoever.

COMPONENT H: SERVICE DELIVERY PRIORITIES FOR 2025/26

The main development and service delivery priorities for 2023/24 forms part of the Municipality's Top Layer SDBIP for 2024/25 and are indicated in the tables below:

3.24 Service Delivery and Budget Implementation Plan 2025/26

3.24.1 Strategic and sustainable budgeting, revenue protection and debt control, grow and diversity revenue and value for money in expenditure through the integrated financial plan

KPI Ref	KPI	Unit of Measurement	Ward	Annual Target
TL13	Submit the 2026/27 Procurement Plan to the Municipal Manager for approval by 30 June 2026	Number of Procurement Plans submitted to Municipal Manager	All	1
TL14	Financial viability measured in terms of the municipality's ability to meet its service debt obligations as at 30 June 2026 {(Short Term Borrowing + Long Term Borrowing) / (Total Operating Revenue - Operating Conditional Grant) x 100}	% of debt coverage	All	45%
TL15	Financial viability measured in terms of the outstanding service debtors as at 30 June 2026 {(Total outstanding service debtors/ revenue received for services) X100}	% Of outstanding service debtors	All	90%

ANNUAL REPORT

KPI Ref	KPI	Unit of Measurement	Ward	Annual Target
TL16	Financial viability measured in terms of the available cash to cover fixed operating expenditure as at 30 June 2026 {(Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, and Provision for Bad Debts, Impairment and Loss on Disposal of Assets)}	Number of months it takes to cover fix operating expenditure with available cash	All	1
TL17	Achieve a debtor payment percentage of 90% by 30 June 2026 {(Gross Debtors Closing Balance + Billed Revenue - Gross Debtors Opening Balance - Bad Debts Written Off)/Billed Revenue) x 100}	% Debtor payment achieved	All	90%

Table 23: Community Services Employee Stats

4.2 INTRODUCTION TO THE MUNICIPAL WORKFORCE

The Municipality currently employs **209** (excluding 204 vacant positions) officials, who individually and collectively contribute to the achievement of Municipality's objectives. The primary objective of HR management is to render an innovative HR service that addresses both skills development and an administrative function.

4.2.1 Employment Equity

The Employment Equity Act (1998) Chapter 3, Section 15 (1) states that affirmative action measures are measures designed to ensure that suitable qualified people from designated groups have equal employment opportunities and are equitably represented in all occupational categories and levels in the workforce of a designated employer. The national performance indicator also refers to: "Number of people from employment equity target groups employed in the three highest levels of management in compliance with a municipality's approved employment equity plan".

4.2.2 Specific Occupational Levels - Race

The table below categorises the number of employees by race within the occupational levels:

Occupational Levels	Male				Female				Total
	A	C	I	W	A	C	I	W	
Top management	0	3	0	0	1	0	0	0	4
Senior management	0	9	0	0	0	4	0	0	13
Professionally qualified and experienced specialists and mid- management	0	10	0	0	0	9	0	0	19
Technicians	0	17	0	0	0	13	0	0	30
Community and clerical workers	1	9	0	1	0	25	0	1	37
Machinery and driver operators	0	25	0	0	0	1	0	0	26
General workers	1	53	0	0	0	7	0	0	61
Skilled technical and academically qualified workers, junior management, supervisors, foreman and superintendents	0	19	0	0	1	9	0	1	30
Grand total	2	145	0	1	2	68	0	2	220

Table 24: Occupational Levels

4.2.3 Vacancy Rate

The approved organogram for the Municipality had 204 vacancies posts for the 2024/25 financial year. The actual positions filled are indicated in the tables below by post level and by functional level. 220 Posts were vacant at the end of 2023/24, resulting in a vacancy rate of 54.3%.

Below is a table that indicates the vacancies within the Municipality:

Per post level		
Post level	Filled	Vacant
MM and MSA section 57 and 56	3	3
Middle management		4
Skilled technical and academically qualified workers, junior management, supervisors, foremen and superintendents	3	52
Unskilled and defined decision making	0	40
Total	6	99
Per functional level		
Functional area	Filled	Vacant
Municipal Manager	2	0
Corporate Services	2	21
Financial Services	0	21
Community Services	1	13

Per post level		
Post level	Filled	Vacant
Technical Services	1	45
Total	6	100

Table 25: Vacancy Rate Per Post and Functional Level

4.2.4 Turnover Rate

A high staff turnover may be costly to a municipality and might negatively affect productivity, service delivery and institutional memory/organisational knowledge. Below is a table that shows the staff turnover rate within the Municipality. The staff turnover rate shows an increase from **33%** in 2023/24 compared to 9.55% in 2024/25.

The table below indicates the turn-over rate over the last two years:

Financial year	Total no appointments at the end of each Financial Year	New appointments	No Terminations during the year
2023/24	7	7	19
2024/25	1	1	23

Table 26: Staff Turnover Rate

The table below shows a breakdown of the different categories of terminations and appointments:

Month	Appoint-ments	Promo-tions	Total	Retire-ments	Dismissals	Resignation s	Disabled	Death	Total
July 2024	2	0	2	0	0	2	0	1	3
August 2024	1	1	2	1	1	3	0	0	5
September 2024	0	0	0	1	0	0	0	0	1
October 2024	0	0	0	2	0	0	0	0	2
November 2024	0	0	0	0	0	2	0	0	2
December 2024	0	0	0	1	0	0	0	0	1
January 2025	0	0	0	0	0	1	0	0	1
February 2025	2	0	2	1	0	3	0	1	5
March 2025	1	0	1	0	0	1	0	0	1
April 2025	0	0	0	0	0	0	0	0	0
May 2025	2	0	2	0	0	0	0	0	0
June 2025	0	0	0	0	0	1	0	1	0
Total	8	1	9	6	1	13	0	3	21

Table 27: Termination categories

4.3 MANAGING THE MUNICIPAL WORKFORCE

Managing the municipal workforce refers to analysing and coordinating employee behaviour.

4.3.1 Injuries

An occupational injury is a personal injury, disease or death resulting from an occupational accident. Compensation claims for such occupational injuries are calculated according to the seriousness of the injury/disease and can be costly to a municipality. Occupational injury will influence the loss of man hours and therefore financial and productivity performance.

The table below indicates the total number of injuries within the different directorates:

Directorates	2023/24	2024/25
Municipal Manager	0	0
Corporate Services	0	0
Financial Services	0	0
Community Services	1	1
Technical Services	8	3
Total	9	4

Table 28: Injuries

4.3.2 Sick Leave

The number of days sick leave taken by employees has service delivery and cost implications. The monitoring of sick leave identifies certain patterns or trends. Once these patterns are identified, corrective action can be taken. The total number of employees that have taken sick leave during the 2024/25 financial year shows (79) an **decrease** when compared to the 2023/24 financial year (900).

The table below indicates the total number sick leave days taken within the different directorates:

Department	2023/24	2024/25
Municipal Manager	56	4
Corporate Services	94	12
Financial Services	158	15
Community Services	294	24
Technical Services	289	24
Total	900	79

Table 29: Sick Leave

4.3.3 HR Policies and Plans

Policies and plans provide guidance for fair and consistent staff treatment and a consistent approach to the managing of staff. The following Policies has been developed/ revised to be inline with the stipulations of Regulation 890.

The table below shows the HR policies and plans that are approved and that still needs to be developed:

Approved policies	
Name of Policy	Date approved/ revised
Employee Wellness Programme Policy	01 July 2024

4.4 CAPACITATING THE MUNICIPAL WORKFORCE

Section 68(1) of the MSA states that municipality must develop its human resource capacity to a level that enables it to perform its functions and exercise its powers in an economical, effective, efficient and accountable way. For this purpose, the human resource capacity of a municipality must comply with the Skills Development Act (SDA), 1998 (Act No. 81 of 1998), and the Skills Development Levies Act, 20 1999 (Act No. 28 of 1999).

4.4.1 Skills Development – Training Provided

The Skills Development Act (1998) and the Municipal Systems Act, (2000), require employers to supply employees with the necessary training in order to develop its human resource capacity. Section 55(1)(f) states that as head of administration the Municipal Manager is responsible for the management, utilization and training of staff. Furthermore, after the promulgation of the Staff Regulations, Reg. 890 ad Guidelines 890, Chapter 4 has placed emphasis on the development of skills, as performance and skills development now goes hand-in-hand.

Management level	Gender	Number of employees identified for training at start of the year	Number of employees that received training
MM and S57	Female	0	0
	Male	0	0
Legislators, senior officials and managers	Female	0	0
	Male	0	0

	Male	0	0
Total		0	0

Table 31: Skills matrix

No institutional training was implemented for the 2024/25 financial year.

4.4.2 Skills Development – Training provided

The Skills Development Act (1998), the MSA and Regulation 890 and Guidelines 891 require employers to supply employees with the necessary training to develop its HR capacity. Section 55(1)(f) states that as head of the administration the Municipal Manager is responsible for the management, utilization and training of staff.

Occupational categories	Gender	Number of employees as at the beginning of the financial year	Training provided within the reporting period	
			Skills programmes and other short courses	
			Actual	Target
Municipal Manager and senior managers	Male	12	0	0
	Female	5	0	0
Professionals	Male	10	0	0

4.4.3 Skills Development and Training - Budget Allocation

The table below indicates the total amount that were allocated to the workplace skills plan for the 2024/25 financial year.

Year	Total personnel budget	Total Allocated	Total Spend
	R 000		
2022/23	102 967	94 803	97 966
2023/24	0	133 603	0
2024/25	330 000	330 000	208 139.66

Table 33: Budget Allocated and Spent for Skills Development

4.4.4 MFMA Competencies

In terms of Section 83 (1) of the MFMA, the accounting officer, senior managers, the chief financial officer, non-financial managers and other financial officials of a municipality must meet the prescribed financial management competency levels that are key to the successful implementation of the MFMA. National Treasury has prescribed such financial management competencies in Government Notice 493 dated 15 June 2007.

To assist the above-mentioned officials to acquire the prescribed financial competencies, National Treasury, with the collaboration of various stakeholders and role players in the local government sphere, developed an outcomes-based NQF Level 6 qualification in municipal finance management.

In terms of the Government Notice 493 of 15 June 2007, "(1) No municipality or municipal entity may, with effect 1 January 2013 (exempted until 30 September 2015 as per Government Notice No. 179 of 14 March 2014), employ a person as a financial official if that person does not meet the competency levels prescribed for the relevant position in terms of these Regulations."

On 03 February 2017, National Treasury published Notice no. 91 of 03 February 2017 in Government Gazette No. 40593: LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT 2003 – **Exemption from regulation 15 and 18 of municipal on minimum competency levels, 2007**, exempting municipalities from Regulation 15 and 18 of the Regulations on Minimum Competency Levels, subject to certain conditions.

According to the notice, a municipality may now continue to employ an existing official as well as appoint new officials who do not meet the minimum competency level as required for the position in terms of the regulations. Hereinafter, referred to as "the exemption".

However, in terms of the notice, the exemption is subject to the following conditions:

In the case of an existing official, he/she must attain the minimum competency level in the unit standards for each competency area within 18 months from the date of publication of the notice. This condition must be included in the official's

performance agreement, where a performance agreement is required and where no such an agreement is required, the municipality must conclude an agreement with the official which gives effect to the condition.

In the case of a new appointee, the official must attain the minimum competency level in the unit standards for each competency area within 18 months from the date of appointment. This condition must be included in the employee's contract of employment which must also state that, if the required minimum competency levels are not attained within the stipulated 18 months, the employment contract will terminate automatically within one month after the applicable period. If a performance agreement is required for the new appointee, then the condition must be included as a performance target in the official's performance agreement.

The notice further states that the municipality must assist existing officials as well as new appointees to attain the required minimum competency level in the unit standards for each competency area, within the stipulated period.

The table below provides details of the financial competency development progress as required by the regulation:

Financial Competency Development: Progress Report						
Description	A. Total number of officials employed by municipality (Regulation 14(4)(a) and (c))	B. Total Number of officials employed by municipal entities (Regulation 14(4)(a) and (c))	Consolidated : Total of A and B	Consolidated: Competency assessments completed for A and B (Regulation 14(4)(b) and (d))	Consolidated: Total number of officials whose performance agreement comply with the Regulations 16 (Regulation 14(4)(F))	Consolidated: Total number of officials that meet prescribed competency levels (Regulation 14(4)(e))
Financial Officials	10	0	10	10	5	3
Accounting Officer	1	0	1	1	1	1
Chief Financial officer	1	0	1	1	1	1
Senior Managers	3	0	3	3	3	1
Any other financial officers	2	0	2	2	0	0
Supply Chain Management Officials	2	0	2	2	0	0
Head of Supply chain Management units	1	0	1	1	0	0

Table 34: Budget Allocated and Spent for Skills Development

4.5 MANAGING THE MUNICIPAL WORKFORCE EXPENDITURE

Section 66 of the MSA states that the accounting officer of a municipality must report to the Council on all expenditure incurred by the municipality on staff salaries, wages, allowances and benefits. This is in line with the requirements of the Public Service Regulations, (2002), as well as National Treasury Budget and Reporting Regulations SA22 and SA23.

4.5.1 Personnel Expenditure

The percentage personnel expenditure is essential in the budgeting process as it reflects on current and future efficiency. The table below indicates the percentage of the operational budget that was spent on salaries and allowance for the past two financial years and that the Municipality is well within the national norm of between 35 to 40%:

Financial year	Total Expenditure salary and allowances	Total Operating Expenditure(R'000)	Percentage (%)
	R'000		%
2023/24	97 966 475	326 065 654	30
2024/25	115 216 033	455 052 372	25

Table 35: Total Personnel Expenditure

Graph 5.: Reliance on Grants

5.4 ASSET MANAGEMENT

The objectives of the asset management within the Nama Khoi Municipality are to assist officials in understanding their legal and managerial responsibilities with regard to assets and to ensure the effective and efficient control of the Municipality's assets through:

- Proper recording of assets from authorisation to acquisition and to subsequent disposal
- Providing for safeguarding procedures
- Setting proper guidelines as to authorised utilisation
- Prescribing for proper maintenance
- The key elements of the Asset Management Policy represent:
- Statutory and regulatory framework / responsibilities and accountabilities

ANNUAL REPORT

- Financial management / internal controls / management of control items
- Management and operation of assets / classification & components
- Accounting for assets / financial disclosure

The asset management section consists of three staff members and forms part of the Expenditure & Asset Management Division within the finance directorate.

The costing module on the SAMRAS Management Information System is utilized to cost all new asset components up to completion there-of. This approach was deployed over the past year with great success.

Regular asset counts are conducted in accordance with the prescriptions of the Asset Management Policy. Information regarding asset register updates in respect of disposals, adjustments, review of useful life etc. is based on submissions by user departments in accordance with the procedures in place. The asset register is currently hosted on software specifically developed for this purpose

Description	Basis of calculation	2023/24	2024/25
		Actual	Actual
Current Ratio	Current assets/current liabilities	0.04	0.26
Current Ratio adjusted for aged debtors	Current assets less debtors > 90 days/current liabilities	-0.93	-1.95
Liquidity Ratio	Monetary Assets/Current Liabilities	-0.01	-0.04

Table 58: Liquidity Financial Ratio

ANNUAL REPORT

Liquidity Ratio

Liquidity Ratio – Measures the municipality's ability to pay its bills and is calculated by dividing the monetary assets (due within one year) by the municipality's current liabilities. A higher ratio is better.

Graph 6.: Liquidity Ratio

5.5.2 IDP Regulation Financial Viability Indicators

Description	Basis of calculation	2023/24	2024/25
		Actual	Actual
Cost Coverage	(Available cash + Investments-Unspent Grants)/monthly fixed operational expenditure	1.25	7.27
Total Outstanding Service Debtors to Revenue	Total outstanding service debtors/annual revenue received for services	1.68	1.43
Debt coverage	(Total Operating Revenue - Operating Grants)/Debt service payments due within financial year)	68	205

Table 59: Financial Viability National KPAs

ANNUAL REPORT

Cost Coverage

Cost Coverage - It explains how many months expenditure can be covered by cash and other liquid assets available to the municipality excluding utilisation of grants and is calculated

Graph 7.: Cost Coverage

COMPONENT C: CASH FLOW MANAGEMENT AND INVESTMENTS

Cash flow management is critical to the municipality as it enables the organisation to assess whether enough cash is available at any point in time to cover the council's commitments. Cash flow is rigorously managed and monitored on a regular basis.

ANNUAL REPORT

5.12 MUNICIPAL COST CONTAINMENT MEASURES

5.12.1 MUNICIPAL COST CONTAINMENT REGULATIONS (MCCR)

National Treasury first published the draft MCCR for public comment on 16 February 2018, with the closing date being 31 March 2018. Comments were received, from the Department of Cooperative Governance and Traditional Affairs, SALGA, municipalities and other stakeholders. After extensive consultation and consideration of all comments received, the MCCR were finalised and promulgated on 7 June 2019 in the Government Gazette, with the effective date being 1 July 2019.

5.12.2 MUNICIPAL COST CONTAINMENT POLICY

The MCCR do not apply retrospectively, therefore will not impact on contracts concluded before 1 July 2019. If municipalities and municipal entities decided to extend current contracts, such contracts should have been aligned with the principles outlined in the MCCR and SCM regulations.

Regulation 4(1) of the MCCR requires municipalities and municipal entities to either develop or review their cost containment policies. The MCCR require municipalities to adopt the cost containment policies as part of their budget related policies prior to 30 September 2019.

5.12.3 COST CONTAINMENT MEASURE AND ANNUAL COST SAVING

The effective implementation of the MCCR is the responsibility of the municipal council and the municipal accounting officer. In terms of the cost containment framework provided in the MCCR, which is consistent with the provisions of the MFMA and other government pronouncements, the following cost savings for the financial year are disclosed:

Measures	Original Budget 2024/25	Adjusted Budget 2024/25	Total Expenditure	Savings
	R'000	R'000	R'000	R'000
Use of Consultants (Own funding)	1,581	1,020	1,169	-149
Travelling and subsistence	1,002	1,002	962	39
Special Programs for Mayor and Speaker's Office	204	454	437	17
Refreshments	90	90	88	2
Communication (news paper adverts)	678	678	384	294
Legal Fees	3,570	3,570	1,735	1,835
Overtime	8,386	9,397	9,898	-501
Postage	102	102	1	101
Printing and Stationery	388	388	48	340
Fuel	5,000	5,500	2,236	3,264
Telephone cost	2,040	2,443	1,649	794
Total	23,041	24,643	18,607	6,036

ANNUAL REPORT

CHAPTER 6: AUDITOR-GENERAL AUDIT FINDINGS

COMPONENT A: AUDIT OUTCOMES 2024/25

6.1 Audit Outcomes 2023/24

6.1.1 FINANCIAL PERFORMANCE: 2023/2024

Auditor-General Report on Financial Performance 2023/2024	
Audit report status	UNQUALIFIED
Main issues raised under emphasis of matter	Corrective steps implemented/ to be implemented
Financial Statements	
In my opinion , the financial statements represent fairly, in all material respects, the financial position of the Nama Khoi Local Municipality as at 30 June 2024 and its financial performance and cash flows for the year then ended in accordance with the Standards of Generally Recognised Accounting Practise (Standards of GRAP) and the requirements of the Municipal Finance Management Act 56 of 2003 (MFMA) and the Division of Revenue Act 5 of 2023	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
Restatement of corresponding figures	
As disclosed in note 41 to the financial statements , the corresponding figures for 30 June 2023 were restated as a result of an error in the financial statements of the municipality at, and for the year ended 30 June 2024	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
Financial Stability	
I draw attention to note 59 in the financial statements, which deals with the possible effects of the future implications of continuing deuteriation in operational results on the municipality's prospects, performance and cash flows. Management have also described how they plan to deal with these events and circumstances	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
Underspending of conditional grants	

ANNUAL REPORT

Auditor-General Report on Financial Performance 2023/2024	
Audit report status	UNQUALIFIED
Main issues raised under emphasis of matter	Corrective steps implemented/ to be implemented
As disclosed in note 20 of the annual financial statements, the municipality materially underspent Water Service Infrastructure Grant by R15 484 283 which is 87% of the value of the grant received	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
Material Losses - electricity	
As disclosed in note 46.2 of the financial statements, material electricity losses of R17 645 711(2023: R11 339 861) was incurred, which represents 21,60% (2023: 19,12%) of total electricity purchased. This was due to electricity theft on pre-paid meters and illegal connections	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report

AG Report 2023/24

6.1.2 SERVICE DELIVERY PERFORMANCE: 2023/2024

The Auditor-General in its audit report identified misstatements on the annual performance report concerning the usefulness and reliability of the information. Management subsequently corrected these misstatements. The Auditor-General did not raise any material findings on the usefulness and reliability of the reported performance information.

6.2 Audit Outcomes 2024/25

6.1.1 FINANCIAL PERFORMANCE: 2024/25

Auditor-General Report on Financial Performance 2024/25	
Audit report status	UNQUALIFIED
Main issues raised under emphasis of matter	Corrective steps implemented/ to be implemented
<u>Financial Statements</u>	
In my opinion , the financial statements represent fairly, in all material respects, the financial position of the Nama Khoi Local Municipality as at 30 June 2025 and its financial performance and cash flows for the year then ended in accordance with the Standards of Generally Recognised Accounting Practise (Standards of GRAP) and the requirements of the Municipal Finance Management Act 56 of 2003 (MFMA) and the Division of Revenue Act 24 of 2024(DoRA)	
RESTATEMENT OF CORRESPONDING FIGURES: As disclosed in note 43 to the financial statements, the corresponding figures for 30 June 2024	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report

ANNUAL REPORT

Auditor-General Report on Financial Performance 2024/25	
Audit report status	UNQUALIFIED
Main issues raised under emphasis of matter	Corrective steps implemented/ to be implemented
were restated as a result of an error in the financial statements of the municipality at, and for the year ended 30 June 2024	
MATERIAL ELECTRICITY LOSSES: As disclosed in note 47.2 of the financial statements, material electricity losses of R17 062 265 (2024: R17 645 711) were incurred, which represents 16.12% (2024: 21,60 %) of total electricity purchased	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
MATERIAL UNDERSPENDING: As disclosed in note 20 of the annual financial statements, the municipality materially underspent on the MIG and MDRG conditional grants by R 6 177 479 and R 22 947 080 respectively	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
MATERIAL IMPAIRMENT: As disclosed in note 3 of the annual financial statements, the municipality reported a material impairment of R 292 253 110 (2024: R 284 146 005) as a result of the probability of non-payment of outstanding balance on receivables from exchange transactions	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report
DETERIORATION OF OPERATIONAL RESULTS: I draw attention to note 60 in the financial statements, which deals with the possible effects of the future implications of continuing deterioration in operational results on the municipality's prospects, performance and cash flows. Management have also described how they plan to deal with these events and circumstances	The municipality drafted a Detailed Action Plan to correct all matters identified in the Final Management Report

AG Report 2024/25

6.1.2 SERVICE DELIVERY PERFORMANCE: 2024/25

The Auditor-General did not identify any material findings on the reported performance information for the selected indicators

6.1.3 COMPLIANCE WITH LEGISLATION: 2024/25

The Auditor-General did identify material findings with the selected legislative requirements, presented per compliance theme, are as follows:

- Consequence Management
- Expenditure Management
- HR Management
- Governance and Oversight
- Procurement and Contract Management
- Utilisation of Conditional Grants
